 Changed (Flea Growth Regulator) to (Insect Growth Regulator).

**ENFORCER® FLEA FOGGER XX**

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans & Domestic Animals**

**CAUTION:** Harmful if swallowed or absorbed through skin. Do not breathe vapors or spray mist. Avoid contact with skin or eyes. Avoid contamination of food or foodstuffs. Remove pets, birds and cover fish aquariums before spraying.

**Statement of Practical Treatment**

**If Swallowed:** Call a physician or poison control center immediately. Do not induce vomiting. **If in Eyes:** Flush with plenty of water. Get medical attention if irritation persists. **If on Skin or Clothing:** Remove contaminated clothing and wash before reuse. Wash skin with soap and warm water. Get medical attention if irritation persists. **If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated. Contact a physician if warranted.

**Physical or Chemical Hazards**

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

**Environmental Hazards**

Do not contaminate water when disposing of equipment/wastewater.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use to kill Fleas, Ants, Cockroaches, Crickets, Houseflies, Mosquitoes, Rice Weevils, Saw-Toothed Grain Beetles, Small Flying Moths and Ticks. Prevents flea larvae maturation for up to 7 months (210 days).

**SHAKE WELL BEFORE USE. KEEP CONTAINER UPRIGHT.**

Put out all flames and pilot lights. Cover all exposed food, dishes and food-handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Close doors and windows. Use one unit for each 5,000 cubic feet of unobstructed area. Use additional units for remote rooms or where free flow of mist is not assured (such as under sofas, beds, etc.). Do not remain in the area during treatment and ventilate thoroughly before re-entry. Vacuum all carpeted areas 24 hours after treatment.

**To operate valve:** Place several layers of newspaper or a pad on a stand or table in the center of the room. Be sure to cover entire surface of stand or table to prevent damage. Point valve opening away from face and eyes when releasing. For automatic discharge, lock valve in open position by pressing valve button all the way down, locking the catch. Then place fogger on stand or table (in center of room) with valve locked open. Leave building at once and keep building closed for four hours before airing out. To air out, open all doors and windows and allow to air for 30 minutes before reoccupying room. Repeat treatment as necessary.

**To Control Fleas and Ticks:** Discard pet's old bedding and replace. Use product as above. Do not use this product on pets. Prior to reentry, treat pets with an Enforcer flea and tick control product registered for use on pets. Fogger alone will not control flea infestations. To control fleas, treat the pet and its inside and outside living areas at the same time. To effectively control fleas you must treat your pet, home and yard simultaneously.

**STORAGE:** Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from heat, flames and other sources of ignition.  
**DISPOSAL:** Replace cap, wrap container in newspaper and dispose in trash. Do not puncture or incinerate.
