**ENFORCER® NEXT DAY®
 GRASS & WEED KILLER II**

Ready to Use

Kills Above Ground Weeds on Contact!

**Kills Weeds and Grasses in Walks, Parking Areas and Patios, Under Fencing,
 In Gravel and Asphalt Driveways, Around Commercial Buildings and Warehouses**

Weed Control on Utility Easements

Kills Annual Weeds and Grasses in Dormant Bermudagrass

Keeps Grass from Creeping into Unwanted Areas

**Gives Quick and Easy Spot Weed Kill on the Above Ground Weed Growth
 of the Following Broadleaf and Grassy Weeds:**

**Annual Blue Grass, Chickweed, Crabgrass, Florida Pusley, Bahia Grass, Bermudagrass,
 Centipedegrass, St. Augustinegrass, Foxtail, Garden Spurge, Goosegrass,
 Henbit, Knotweed, Lambsquarter, Mayweed, Oxalis, Pigweed, Prickly Lettuce, Purslane**

One Gallon Treats 1,200 Linear Feet

Covers up to _____ Sq. Ft.

ACTIVE INGREDIENT:

Diquat Dibromide

0.23%

OTHER INGREDIENTS

99.77%

Total 100.00%

**Keep Out of Reach of Children
 CAUTION
 See back panel for additional precautionary statements.**

Net Contents: _____ Fl. Oz. (_____ mL)

{Back Panel}

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Entry Restrictions: Do not allow people or pets to contact treated plants until the spray has dried.

Application Restrictions: Do not apply this product in a way that will contact any person or pet, either directly or through drift. Only persons applying this product may be in the area during application.

User Safety Recommendations:

- Wash Clothing and protective equipment exposed to this product in detergent and hot water. Keep and wash such items separately from other laundry.
- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing immediately if pesticide gets inside; then thoroughly wash and put on clean clothing.

Where to Use

As a lawn edger, around patios, driveways, paths and walkways, for weeds in tree wells, around shrubs and flower beds, around and beneath fences; over ground covers such as gravel, bark or peat moss, on parking lots and other similar non-crop areas where weeds become troublesome.

Use for "Spot" Weed Control

Use as a "spot weed treatment" in lawns or at the edges of areas wherever weeds or creeping grasses, such as Bermuda or St. Augustine, present a problem. For best results, treat the center growth of weeds in the early growing stage when moisture and high temperatures are promoting vigorous growth.

Partial Listing of Weeds

Annual Blue Grass, Chickweed, Crabgrass, Florida Pusley, Foxtail, Garden Spurge, Goosegrass, Henbit, Knotweed, Lambsquarter, Mayweed, Oxalis, Pigweed, Prickly Lettuce, Purslane, Puncture Vine, Redroot Pigweed, Sandspur, Shepards Purse, Sowthistle, Smartweed, St. Augustinegrass, Velvetweed, Wild Geranium and grasses that creep over, under or around lawn edging and that have grown-up through paved patios, walkways and driveways, such as Bahia Grass, Bermudagrass, Centipedegrass, St. Augustinegrass and Zyosiagrass.

General Information

This product is a ready to use non-selective, non-systemic effective general weed killer that provides control of annual weeds and grasses. It gives effective top kill of troublesome perennial broadleaf weeds. One treatment kills susceptible annual weeds. Respray perennial weed "top growth" if patches of green reappear. If perennial weeds growth is a serious problem, ask your Dealer for a "residual" or a "bare ground" type of weed killer. Repeat applications may be necessary. Reseed or replant in 48 hours.

How to Apply

Shake contents. Apply directly from this container by pointing down at weeds or grass to spray, using enough liquid to completely wet the weed or grass foliage that you want to kill. Kills the above ground weed and grass growth as a contact killer. Desirable plants, if accidentally sprayed, may be saved by immediately washing off the spray or pruning the area touched by the spray. For best results, apply on a sunny day in the early morning after dew has evaporated and when temperatures are above 60° F. Do not apply if rain is expected within 12 hours of treatment. Do not water treated areas 24-36 hours after application.

How to Apply as an Edger

Shake well before using. Remove cap from applicator head and be certain that the applicator head is screwed firmly on the jug. Invert the jug and apply product to thoroughly cover unwanted vegetation. The width of the spray pattern may be adjusted by either raising or lowering the jug. For top killing vegetation around trees, shrubs and buildings and edging around lawns, fences and sidewalks, hold the jug about 2 to 6 inches, depending upon desired width, from the area to be treated. For controlling weeds in brick and gravel walks and patios or in other unconfined areas, hold the jug near waist high and away from the body to avoid contact with skin or clothing. Walk slowly. Make sure all undesirable vegetation are thoroughly covered. One gallon will cover a band 2 inches wide and 1,200 feet long.

Storage and Disposal

Storage: Store in a cool, dry (preferably locked) storage area inaccessible to children and pets. **Disposal:** If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals

CAUTION: Causes eye irritation. Avoid contact with skin, eyes and clothing. Repeated contact with skin or contact with open cuts or sores may increase the hazards associated with the product. Avoid contamination of feed and foodstuffs. Thoroughly wash with soap and water after use.

First Aid

If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [You may also contact 1-800-xxx-xxxx for emergency medical treatment information.]	

{Note: The First Aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

If in the event of an animal-related emergency, call the national Animal Poison Control Center at 1-800-345-4735.

Environmental Hazards

This product is toxic to aquatic invertebrates. Do not apply directly to water.
