# AT WEED & GRASS KILLER CONCENTRATE

For Use Around Walks, Driveways, Fences, in Gravel or Bark Ground Mulch, in Flower Beds, Around Ornamental Trees and Shrubs

**Kills the Root**  
**Kills Annual and Perennial Weeds, Grasses and Other Unwanted Plants**

**NOTIFICATION**

**Visible Results in Just 6 Hours**

**Complete Kill in 1 to 2 Weeks**

**No Waiting, Replant Spot Treated Areas the Next Day**

**Concentrated Product, Just Dilute with Water**

**Makes up to [insert correct number based upon container size and 4 oz. Of concentrate per gallon] Gallons**

**ACTIVE INGREDIENTS:**

Pelargonic Acid .....	17.20%
Related Fatty Acids (C <sub>6</sub> -C <sub>12</sub> ) .....	1.10%
*2,4-dichlorophenoxyacetic acid, dimethylamine salt .....	2.00%
**2-(Methyl-4-chlorophenoxy) propionic acid, dimethylamine salt .....	2.00%
Fluazifop-P-butyl [Butyl @-2-[4-[[5-trifluoromethyl)-2-pyridinyl]oxy]phenoxy] propanoate] .....	1.00%
<b>OTHER INGREDIENTS:</b> .....	<u>76.70%</u>
Total .....	100.00%

Isomer Specific Method, Equivalent to:

\*2,4-Dichlorophenoxyacetic acid equivalent: 1.66%

\*\*2-(2-Methyl-4-chlorophenoxy) propionic acid equivalent: 1.65%

Contains 1.54 pounds of Pelargonic Acid, 0.17 pounds of 2,4-D, 0.17 pounds of MCPP and 0.08 pounds of Fusilade per gallon.

**Keep Out of Reach of Children**  
**CAUTION**  
See back panel for precautionary statements.

**NOTIFICATION**

**JUN 12 2002**

Net Contents: \_\_\_\_\_ fl. oz.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Read the Entire Label Before Using. Use Only in Accordance with Label Precautions and Directions.**

AT Weed and Grass Killer Concentrate is a fully systemic, non-selective weed killer that will kill most annual and perennial weeds, grasses and unwanted vegetation. Mix concentrate with water and use on sidewalks, driveways, patios, fence lines, around trees, shrubs . . . even in your flower beds to kill unsightly grasses and weeds.

AT Weed and Grass Killer Concentrate is rainfast in as little as 4 hours. If rainfall does not occur within 4 hours following application, the reapplication is not necessary.

3/4

### Mixing Instructions

To mix, use either a plastic, aluminum or stainless tank sprayer. Do not use (or store this product in) galvanized steel or unlined steel sprayers. Do not apply through any type of irrigation system or in a sprinkling can. It may be applied in hose-end type applicators specifically designed for herbicide products, including "dial" type hose-end applicators. Rinse all applicators with warm, soapy water after each usage. Clean applicators thoroughly before applying other pesticides.

Applicator	Mixing Instructions General Weed Control	Mixing Instructions Tough Weed Control
Tank Sprayer	4 oz. to 1 gallon water	8 oz. to 1 gallon water
Hose-End Dial Type Sprayer	4 oz. to Sprayer Jar. Set Dial at 4 oz. and spray.	8 oz. to Sprayer Jar. Set Dial at 8 oz. and spray.

**For Spot Treatment of Individual Weeds:** Adjust sprayer nozzle to a coarse spray. Apply only when the air is calm to avoid spray drifting to desirable plants. Position sprayer 12 to 18 inches from weeds. Apply until thoroughly covered.

**Important:** This is a non-selective weed killer and should not be used for spot weed control in lawns. It kills all green plants, including lawn grass. If accidental spraying occurs, immediately wash plant off with water. If spraying in or near flowers, place a piece of cardboard between the weed and flower to prevent accidental splashing. Treated areas may be replanted with ornamentals or flowers one day following treatment.

### When to Use

Use anytime weeds and grasses are actively growing. Treated weeds may show initial symptoms within 6 hours and complete kill in 1 to 2 weeks. Larger more established weeds may need an additional week for complete kill. Product works best in warm, sunny weather with daytime temperature above 55°F. For best results, apply to weeds and grasses that are actively growing. Reapply if rainfall occurs within 4 hours.

### Where to Use

**For General Weed Control:** Use along fences, patios, sidewalks, driveways, around trees, shrubs, ornamental plantings, flower beds and brick or gravel driveways. Use to trim and edge landscape areas. This is a non selective weed killer and should not be used for spot weed control in lawns. It kills all green plants, including lawn grass.

**For Spot Spraying:** Use on actively growing weeds in and around flower beds, ornamental trees, fruit and nut trees, grapevines, shrubs, fences, driveways and sidewalks. Spray when the air is calm to avoid accidental drift on desirable plants. If necessary, use cardboard or plastic to shield plants.

**For Landscaping:** Use to prepare areas for planting or ornamental trees, shrubs, rock gardens or flowerbeds. Product may be sprayed over the root zones of desirable plants.

## PRECAUTIONARY STATEMENTS

### Hazards to Humans & Domestic Animals

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing.

**When mixing, loading or applying this product:** Wear long-sleeved shirt, long pants, socks, shoes and rubber gloves. Also wear a face shield or goggles. **After using this product:** Rinse gloves before removing. Remove clothing and launder separately before reuse. Promptly and thoroughly wash hands and exposed skin with soap and water. Remove saturated clothing as soon as possible and shower. Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment areas until spray has dried.

### FIRST AID

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-888-740-8712 for emergency medical treatment information.

If in eyes

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

4/4

**Environmental Hazards**

This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and non-target plants. Do not apply directly to water. Do not contaminate water when disposing of equipment wash waters or rinsate. When cleaning equipment, do not pour the wash water on the ground. Spray or drain over a large area away from wells and other water sources. Most cases of groundwater contamination involving phenoxy herbicides such as 2,4-D and MCPP have been associated with mixing/loading and disposal sites. Caution should be exercised when handling these pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing and transferring this pesticide will reduce the probability of spills. Placement of the mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination.

**Storage and Disposal**

**Storage:** Store this product only in its original container and store in an area out of reach of children and pets. Do not allow this product to freeze. **Disposal:** Do not reuse container. Securely wrap in several layers of newspaper and discard in trash. **If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain. **Spill or Leak:** In case of spill or leak, soak up spills with cat litter. Sweep cat litter into a plastic bag then discard in trash.

**EPA Reg. No. 40849-70**

**EPA Est. 40849-GA-1**

Buyer assumes all risks of use, storage or handling of this product not in strict accordance with this label.
