USE ONLY ON DOGS, PUPPIES, CATS, KITTENS, HORSES, FOALS

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not put treatment directly on broken skin or an open wound. Treatment may be applied on a bandage. Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant or nursing animals.

Dogs, Puppies, Cats, Kittens

To Kill and Repel Ear Mites: Clean ear to remove built-up wax and dirt. Gently dry ear with a cotton ball or soft cloth and apply a thin film of treatment. The treatment may be applied daily for 7 to 10 days.

To Kill Ticks: Make sure treatment covers ticks.

To Use as a Repellent: Spread treatment lightly on outer and inner surface of the outer ear and between the toes before animals enter infested area. Repeat daily as needed.

Horses, Foals

To Control Ticks, Gnats, Flies, Mosquitoes and Mange Mites: Before application, remove dirt or debris by brushing or washing with a mild detergent. Allow to completely dry. Apply a light film to affected areas daily, massaging into the skin for 2 to 3 days. Then apply every 3 to 5 days as needed. Not for use on horses intended for human consumption.

Storage and Disposal

Storage: Store in a cool, dry (preferably locked) storage area inaccessible to children and pets. **If Empty:** Do not puncture or incinerate. Place in trash or offer for recycling if available. **If Partly Filled:** Call your local solid waste agency or 1-800-Cleanup for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Humans: Harmful if swallowed. Avoid breathing vapors. Avoid contact with eyes. Thoroughly wash hands with soap and water after using. **Animals:** Avoid contact with eyes. If in eyes, flush with water. Do not use on meat or milk producing animals. Do not use on puppies, kittens or foals under 12 weeks of age. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, immediately consult a veterinarian.

First Aid

If Swallowed	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If Inhaled	<ul style="list-style-type: none"> • Move person to fresh air • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. • Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
