U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (7505C)  
1200 Pennsylvania Ave., NW  
Washington, D.C. 20460

EPA Reg. Number:

40849-76

Date of

9/14/04

Term of Issuance:

Conditional

Name of Pesticide Product:

RoachMax Bait Stations

## NOTICE OF PESTICIDE:

☒ Registration  
☐ Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Enforcer Products  
a division of Acuity Specialty Products Group, Inc.  
PO Box 1060  
Cartersville, GA 30120-1060

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product when the Agency requires all registrants of similar products to submit such data.
2. Make the following label changes before you release the product for shipment:
  - a. Revise the EPA Registration Number to read, "EPA Reg. No. 40849-76."
3. Submit studies to support the following data gaps:  
guideline 830.6317 (one year storage/stability)
4. Submit two copies of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A copy of the label stamped "accepted with comments" is enclosed for your records. Also enclosed is Attachment 1 summarizing the registration components and a copy of two CRP reviews.

Contains: 6 Child Resistant Bait Stations

Net Weight: 0.48 Oz. (0.08 Oz. per station)

[Back Panel]

**For Use In and Around:** Apartments and homes including but not limited to: bathrooms, kitchens, counters, corners, under and around cabinets, sinks and near plumbing fixtures.

Enforcer RoachMax Bait Stations are designed to kill both large and small roaches. The active ingredient, Abamectin, is an advanced formula that kills roaches 24 hours a day! Enforcer RoachMax Bait stations kill roaches where they breed – behind your walls. These unique bait stations continuously kill roaches for up to three months. Enforcer RoachMax Bait Stations are designed to eliminate even severe roach infestations and will kill roaches that are resistant to other types of insecticides.

ACCEPTED  
with COMMENTS  
In EPA Letter Dated:  
SEP 14 2004

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
registered under EPA Reg. No.  
40849-76

Enforcer RoachMax Bait Stations Kill: German Cockroaches, Oriental Cockroaches, American Cockroaches, Brown Banded Cockroaches and Smokey Brown Cockroaches.

FACT: Cockroaches are nocturnal – if you've seen one, you haven't seen them all. The few you see by day were most likely forced out by overcrowding, a possible sign of severe infestation.

FACT: Allergies can be aggravated by dust created by cast-off cockroach skin, dead bodies and droppings.

FACT: Cockroaches feel safe in cracks and crevices. Cockroaches spend as much as 75% of their lives hiding in cracks and crevices.

Enforcer's unique "Clear View" design allows for easy visible inspection.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Remove bait stations from container.
2. For thorough roach control, use all 6 baits at one time.
3. Baits work best on horizontal surfaces touching corners and walls. For example, place baits next to the wall along baseboards, in corners, under sinks, in cabinets and near plumbing fixtures.
4. Roaches will begin eating the bait immediately. You will see fewer roaches within days.
5. Replace ALL baits every three months or until the roach population is completely eliminated.

For maximum effectiveness, replace baits before they are completely consumed.

NOTE: DO NOT apply aerosol insect sprays or pump sprays onto the surface areas to be treated with roach bait stations. Insecticide sprays will repel roaches from feeding at bait stations locations

#### STORAGE AND DISPOSAL

**STORAGE:** Store in a cool, dry location inaccessible to children and pets.

**DISPOSAL: If Empty:** Do not reuse the bait station. Place in trash or offer for recycling if available. **If Partly Filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never placed unused product down any indoor or outdoor drain.

**PRECAUTIONARY STATEMENTS****Hazards to Humans & Domestic Animals**

**CAUTION:** Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.

<b>FIRST AID</b>	
If on Skin or Clothing:	<ul style="list-style-type: none"> <li>•Take off contaminated clothing.</li> <li>•Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>•Call a poison control center or doctor for treatment advice.</li> </ul>
If in Eyes:	<ul style="list-style-type: none"> <li>•Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>•Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>•Call a poison control center or doctor for treatment advice.</li> </ul>
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [You may also contact 1-800-xxx-xxxx for emergency medical treatment information.]	

[Note: First Aid statement and/or storage and disposal statement paragraph format may be used if space is limited]

If in the event of an animal-related emergency, call the national Animal Poison Control Center at 1-800-345-4735.
