EPA Reg. No. 498-11  
 EPA Est. 49871-CA-1  
 NET CONTENTS 16 FL. OZ.

It is a violation of Federal Law to use this product inconsistent with its labeling.

Do not use in food processing plants, milk handling plants, breweries, bottling plants, institutions, homes and other areas where used for food.

Foods should be removed from the treatment area to be treated. Shut off air conditioner and seal all open vents. Remove fish and pets. Apply undiluted fine mist space spray through manually operated equipment, electrical and other powered applicators. Avoid staining by holding the spray nozzle at least five feet from objects. Direct the fine mist spray toward the upper corner of the room. Fill the room with a fine mist space spray at the rate of 5 fluid ounces per 5,000 cubic feet. Leave room closed for one-half hour. Ventilate thoroughly before re-entry. Sweep up and destroy fallen insects.

**SPACE SPRAY:** To kill flies, mosquitoes and other flying insects in an area to be treated. Shut off air conditioner and seal all open vents. Remove fish and pets. Apply undiluted fine mist space spray through manually operated equipment, electrical and other powered applicators. Avoid staining by holding the spray nozzle at least five feet from objects. Direct the fine mist spray toward the upper corner of the room. Fill the room with a fine mist space spray at the rate of 5 fluid ounces per 5,000 cubic feet. Leave room closed for one-half hour. Ventilate thoroughly before re-entry. Sweep up and destroy fallen insects.

**CONTACT SPRAYS:** To kill roaches, ants, earwigs, grain mites, sowbugs, spiders and centipedes. Adjust spray to produce large wet-type spray particles. Direct spray to contact these insects in cracks and crevices in floors, baseboards, around pipes, behind furniture and other harborage. Spray these infested areas until thoroughly wet. Repeat as necessary.

**TO KILL SPIDERS:** Spray directly at these pests and use repeated applications to the walls, in the cracks and crevices which harbor them.

**TO KILL ANTS:** Spray directly at ant trails and nest frames, ant trails and nests.

**TO KILL GRAIN INSECTS:** Adults of confused flour beetles, saw-toothed grain beetles and other grain pests. Remove infested products from the area to be treated. Avoid contamination of other food products. Do not use in areas where grain is stored. Spray directly at the infested products. Seal the area with plastic paper after spraying. Do not breathe the spray. Do not eat, drink or use tobacco while spraying. Do not use in areas where children are present. Do not use in areas where food is stored. Do not use in areas where food is prepared. Do not use in areas where food is served. Do not use in areas where food is consumed. Do not use in areas where food is stored. Do not use in areas where food is prepared. Do not use in areas where food is served. Do not use in areas where food is consumed.
