ms, and ponds. Treated effluent should not be scharged into lakes, streams, ponds, or public waters unless in accordance with NPDES permit. For guidance consult the regional office of EPA.

### PHYSICAL AND CHEMICAL HAZARDS STRONG OXIDIZING AGENT:

Strong Oxidizing Agent. Use only clean dry utensils and mix with water only. Mixing other chemicals or gross fifth (urine, feces, etc.) will start a chemical reaction resulting in release of toxic gases. In case of decomposition, isolate container in open air if possible, and flood with large volumes of water.

## DIRECTION OF THE CONTROL OF THE CONT

facal law to use this product in

food processing brewery equipment and on dishes and glasses. commended for use an luding dairy and luded for use

#### DIRECTIONS FOR

Prepare a sanitizing solution by dissolving 4½ DETERGENT SANITIZER per 10 gal of water. This possibilities containing 100 ppm or 200 ppm of available choosespectively. Clean and rinse items prior to sanitizing. Then place glasses, dishes, equipment or utensils in solution for 2 to 5 minutes. Remove, rinse with potable water and dry. For flat surfaces clean to remove gross fifth and heavy soil. Then spread sanitizing solution and allow to stand 2 to 5 minutes and then rinse with potable water.

The same solution may be used in feed tank in immersion or spray machines providing 2 to 5 minutes contact time for sanifizing dishes, glasses, food processing equipment and utensits. Clean and rinse items prior to sanifizing. After sanifizing step, rinse well with potable water and dry. The items are then ready for use

The sanitizing solution should be used promptly after mixing. If the solution is allowed to stand or is reused and tests show the level of chlorine has not been maintained, additional C-SAN DETERGENT SANITIZER should be added to maintain a minimum concentration of 100 ppm available chlorine.

#### STORAGE AND DISPOSAL:

Store in a cool, dry area away from direct sunlight or heat. In case of spill flood area with large quantities of water. Rinse empty container thoroughly with water and discard by placing in trash collection or burying it in approved landfill area. Do not contaminate food or feed by storage. disposal or cleaning equipment.
