

ACCEPTED

JUN 9 1975

Under the Federal Insecticide,
Fungicide and Rodenticide Act,
as amended by the pesticide
regulation under
EPA Reg. No. 59.507 C

NO ALGAE algicide is efficient, economical and stable in use dilution. NO ALGAE is compatible with all chemicals used in pool water and will not damage tile, concrete, metal, or plastics. NO ALGAE keeps pool water free and sparkling, clear of visible algae, algal slime and green brown colors. NO ALGAE improves filter operation and cuts down need for other chemicals. NO ALGAE imparts tone and a pleasant "feel" to swimming pool water.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water or at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN:

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

Do not reuse container. Destroy when empty.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water.

Apply this product only as specified on this label.

DIRECTIONS

Initial Application: To a cleaned pool add one gallon to 50,000 gallons of water, or ratio thereof.

Maintenance Dose: Use one quart per 50,000 gallons of water every 5 to 7 days. When weather is hot or bathing load is heavy, use this dosage every 5 days or as necessary.

Booster Dose: Immediately after every rain add one quart per 50,000 gallons of water as above.

Important: Follow above directions without fail, even when pool is not used. Algae growth must be fought at all times. Always apply along pool edges to the water.

Pool-side surfaces: After cleaning surfaces, use one oz. to four gallons of water for sanitizing or one oz. to two gallons of water for disinfecting. Apply so as to wet surfaces thoroughly with the recommended use solution.
