CSCO-SWIM-CIDE

ACTIVE INGREDIENT	
poly (oxyethylene dimethylamino ethylene dimethylamino ethylene dichloride)	35.0
INERT INGREDIENT	65.0

This product contains 1.29 lb. of active ingredient per gallon and weighs 8.58 lb. per gallon.

KEEP OUT OF REACH OF CHILDREN
CAUTION

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID If swallowed, drink promptly a large quantity of milk or white gelatin solution. If these are not available, drink large quantities of water. Do not induce vomiting unless advised by a physician.

ENVIRONMENTAL PRECAUTIONS This pesticide is toxic to fish. Keep it off lakes, streams, creeks. Permits may be required for discharge. Retaining this pesticide in streams, creeks, or other bodies of water, or guidance, contact the appropriate authority for information on detection. Avoid...

INSTRUCTIONS FOR USE GENERAL CLASSIFICATION

This is a contact fungicide. Use this product in a manner consistent with the label.

CSCO SWIM-CIDE is used to control the growth of algae in swimming pools. For maximum effectiveness, pools containing heavy growth of algae should be cleaned prior to using CSCO SWIM-CIDE.

For pools having just visible algae growth add an initial dose of 50 to 77 fluid ounces of CSCO SWIM-CIDE per 10,000 gallons of water and remove settled algae debris by cleaning.

For treatment of a freshly cleaned and filled pool, add initially 27 to 50 fluid ounces of CSCO SWIM-CIDE per 10,000 gallons of water.

To maintain pools free of visible algae growth, subsequent additions of 9 to 18 fluid ounces of CSCO-SWIM-CIDE per 10,000 gallons of water should be made every 5 to 7 days after the initial treatment.

CSCO SWIM-CIDE is compatible with those chemicals normally used to treat pools and effective at both acid and alkaline pH. CSCO SWIM-CIDE can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix CSCO SWIM-CIDE with concentrated liquid chlorine products.

STORAGE & DISPOSAL Keep container closed when not in use. Do not contaminate water, food, or feed by storage, disposal, or cleaning of equipment. Do not reuse empty container. Triple rinse (or equivalent) and dispose of container in an incinerator or in an approved landfill, or bury in a safe place. Residue that cannot be used or reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Other disposal prohibited.
