CSCO-CIDE 210

ACTIVE INGREDIENT
Poly [oxyethylene (dimethylimino) ethylene (dimethylimino) ethylene dichloride] 1.0

INERT INGREDIENT 99.0

This product contains 0.85 lb. of active ingredient per gallon and weighs 8.49 lb. per gallon.

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes or clothing.

FIRST AID If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

ENVIRONMENTAL HAZARDS This pesticide is toxic to fish. Keep out of lakes, streams or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds or public water. For guidance, contact the regional office of the Environmental Protection Agency.

DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CSCO-CIDE 210 is used to control algae, bacteria and fungi in recirculating commercial and industrial water cooling towers. Prior to use, system must be cleaned to remove algal growth, scale, biological sludge and other deposits.

An initial slug addition of 6.13 to 15.32 fluid ounces of CSCO-CIDE 210 per 1000 gallons of water to provide a concentration of 48 to 120 parts per million of CSCO-CIDE 210, based on the total weight of water in the system is recommended. Repeat initial dosage until control is evident.

Subsequent slug additions of 1.53 to 15.32 fluid ounces of CSCO-CIDE 210 per 1000 gallons of water (12 to 120 parts per million of CSCO-CIDE 210) should be employed every 2 to 5 days or as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the microbiological problem. Slug additions should be made in the sump of water cooling towers.

STORAGE & DISPOSAL Keep container closed when not in use. Do not contaminate water, food or feed by storage, disposal, or cleaning of equipment. Do not reuse empty container. Triple rinse (or equivalent) and dispose of container in an incinerator or in an approved landfill or bury in a safe place. Rinseate that cannot be used or reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Open dumping is prohibited.
