### DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Add 8 fl. oz. per 200 gallons of water (104.2 ppm) to a freshly filled water bed. Repeat yearly or whenever foul odors, fungal growth, or slime in water is observed.

For water beds containing more than 200 gallons of water, increase dosage proportionately.

The period between treatments may vary depending upon local water conditions.

**STORAGE & DISPOSAL:** Keep container closed when not in use. Do not use empty container. Wrap container and put in trash collection.
