Permito, Inc. for Veterinary Medicine  
 8405 NW 13th Terrace  
 Miami, FL 33172

225293 / 161  
1 / 18

**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The product is completely and totally registered in accordance with FIFRA...

You must file all data required for reregistration of this product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

As a condition of EPA Registration No. 41835-9, you are required to label the product for shipment.

- The following pertains to chemistry:
- a. Your batch weight, Box 17 on the Confidential Statement of Formula (CSF), should be 1000.21 instead of the 1000.90 reported.
  - b. EPA Registration No. 1021-1141 is an Individual Registration number for permethrin. Please correct your CSF and resubmit.

|---------------------------------|------|
| SIGNATURE OF APPROVING OFFICIAL | DATE |
|---------------------------------|------|

- c. Please provide the chemical identity of all components, Material Safety Data Sheet, and CAS Numbers of:

The supplier may contact us directly referencing your EPA Registration Number in their response.

4. The Acute Inhalation and Dermal Sensitization studies are acceptable and are classified as follows:

| <u>Study</u>         | <u>Core Grade</u> | <u>Toxicity Category</u> |
|----------------------|-------------------|--------------------------|
| Acute Inhalation     | Guideline         | IV                       |
| Dermal Sensitization | Guideline         | --                       |

5. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

George T. LaRocca  
Product Manager (15)  
Insecticide-Rodenticide Branch  
Registration Division (E7505C)

**Enclosures**

- P.S. Under ~~Directions~~ for use add the limitation: "Do not use on nursing puppies or kittens under 3 months of age."

Reference to other products is acceptable provided these products are also registered. Delete the dilution instruction ([:]:28). The user should refer to the registered label for appropriate directions.

**FOR USE ON DOGS AND CATS TO KILL FLEAS AND TICKS**

**INSTRUCTIONS FOR USE:**  
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

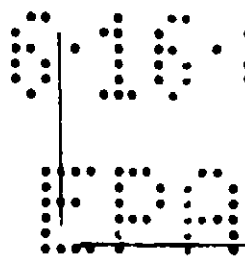

- 1/ Wet coat thoroughly with water.
- 2/ Apply DuraKyl Shampoo to wet coat, one area at a time, using 2-3 oz. (1/2 cup) per area and lather well. This amount should be sufficient to develop a rich lather. **SPECIAL ATTENTION SHOULD BE PAID TO APPLICATION AROUND TAIL AREA, FOOT PADS (BETWEEN TOES), EARS AND UNDERBODY SURFACES.** Keep away from pet's eyes.
- 3/ Allow to stand for approximately 5 minutes.
- 4/ Rinse thoroughly with water.

**Note:** For best results, shampoo animal as often as necessary and spray animal's bedding and kennel, and carpet frequented by animal, with DuraKyl II Pet Spray or DuraKyl Pet Dip (diluted 1:128) or fog area with DuraKyl II Total Release Room Fogger at time of application of DuraKyl II Shampoo.

**STORAGE & DISPOSAL:** CONTAINER DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.
