Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 41835-12".
3. Submit five copies of the revised final printed label before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To shampoo and kill fleas and ticks, follow these easy steps:

- 1) Mix 1 oz. of DVM Shampoo Concentrate in 1 gallon of non-insecticidal shampoo.
- 2) Wet animal thoroughly.
- 3) Apply a generous amount of shampoo mixture to the coat, massaging the lather well into the coat and skin.
- 4) Allow the lather to remain on animal for five minutes to permit pyrethrins to take full effect.
- 5) Rinse the animal thoroughly.

**STORAGE:** Store in a cool, dry place inaccessible to children and pets. **DISPOSAL:** Do not reuse empty container. Wrap in newspaper and discard in trash.

### PRECAUTIONARY STATEMENTS

#### Hazards to Humans & Domestic Animals

**CAUTION:** Harmful if swallowed. Do not get in eyes. Wash hands thoroughly after each use and before eating or smoking.

Do not apply directly to or on eyes, mouth or genitalia of pets. Do not treat or cause exposure to kittens or puppies less than four weeks old.

#### Statement of Practical Treatment

**If Swallowed:** Contact a physician or poison control center immediately. Do NOT induce vomiting. This product contains petroleum distillate. Vomiting may cause aspiration pneumonia. **If In Eyes or On Skin:** Flush affected areas with plenty of water. Contact a physician if irritation persists.
