**ENVIRONMENTAL HAZARDS:** ...

**PHYSICAL AND CHEMICAL HAZARDS - STRONG OXIDIZING AGENT.** Mix only with water according to label directions. Mixing this product with grasses, such as fenox, urine, etc., with ammonia, acids, detergents or other chemicals will create hazardous gases, irritating fumes, fogs and noxious vapors.

**DIRECTIONS FOR USE  
GENERAL CLASSIFICATION**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**DIRECTIONS FOR SWIMMING POOL CHLORINATION:** For a new pool or for spring start-up, superchlorinate with one (1) pint (16 flu. ozs.) of sodium hypochlorite solution for each 2500 gallons of water. This dosage is equivalent to 5 ppm available chlorine by weight.

**FOR POOL MAINTENANCE:**  
A) Adjust pool water pH to 7.6 - 7.2 range and maintain.  
B) Add manually or by a feeder device, sodium hypochlorite solution at a rate to maintain an available chlorine residual of 0.6 to 1.0 ppm. One half pint (8 flu. ozs.) of sodium hypochlorite solution for each 6000 gallons of water will provide 1.0 ppm available chlorine by weight. Frequency of additions to maintain 0.6 to 1.0 ppm available chlorine will depend on temperature and number of swimmers. Use test kit to make certain the pH and chlorine residual are in the proper range.

**NOTE:** This product degrades with age. Use a chlorine test kit and increase dosage, as necessary, to obtain the required level of available chlorine.

**STORAGE AND DISPOSAL:** Store in a cool, dry area away from direct sunlight. In case of spill, flood area with large quantities of water. Rinse empty container thoroughly with water and either return to manufacturer or discard by placing in trash collection or burying in an approved land fill. Product or rinsate that cannot be used should be diluted with water and disposed of in a sanitary sewer. Do not contaminate food or feed by storage, disposal or cleaning or equipment.

KEEP OUT OF REACH OF CHILDREN  
DANGER

FIRST AID: If inhaled, get person into fresh air. If on skin, wash with plenty of water. If in eyes, flush with water for 15 minutes. If swallowed, do not induce vomiting. Seek medical attention.

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**DANGER** Irritant. Causes severe eye irritation. Causes skin irritation. Causes respiratory irritation. Causes throat irritation. Causes coughing. Causes sneezing. Causes watery eyes. Causes runny nose. Causes sore throat. Causes difficulty breathing. Causes chest pain. Causes dizziness. Causes headache. Causes nausea. Causes vomiting. Causes diarrhea. Causes abdominal pain. Causes weakness. Causes fatigue. Causes loss of appetite. Causes weight loss. Causes hair loss. Causes skin discoloration. Causes skin dryness. Causes skin cracking. Causes skin itching. Causes skin burning. Causes skin stinging. Causes skin numbness. Causes skin tingling. Causes skin numbness. Causes skin tingling. Causes skin numbness. Causes skin tingling.

**ENVIRONMENTAL HAZARDS** This product is toxic to fish, aquatic invertebrates, and birds. It is also toxic to bees, butterflies, and other beneficial insects. It is also toxic to earthworms and other soil organisms. It is also toxic to plants and animals. It is also toxic to humans and domestic animals. It is also toxic to the environment.

**PHYSICAL AND CHEMICAL HAZARDS** **STRONG OXIDIZING AGENT** - Only with water. Avoid contact with skin and eyes. Mixing this product with acids, ammonia, or other cleaning agents can cause a hazardous reaction. Avoid contact with flammable materials. Avoid contact with oxidizing materials. Avoid contact with reducing materials. Avoid contact with combustible materials. Avoid contact with explosive materials. Avoid contact with toxic materials. Avoid contact with irritant materials. Avoid contact with corrosive materials. Avoid contact with sensitizing materials. Avoid contact with allergenic materials. Avoid contact with carcinogenic materials. Avoid contact with mutagenic materials. Avoid contact with teratogenic materials. Avoid contact with reproductive toxic materials. Avoid contact with developmental toxic materials. Avoid contact with immunotoxic materials. Avoid contact with neurotoxic materials. Avoid contact with hepatotoxic materials. Avoid contact with nephrotoxic materials. Avoid contact with cardiotoxic materials. Avoid contact with hematotoxic materials. Avoid contact with immunotoxic materials. Avoid contact with neurotoxic materials. Avoid contact with hepatotoxic materials. Avoid contact with nephrotoxic materials. Avoid contact with cardiotoxic materials. Avoid contact with hematotoxic materials.
