**ALGAECIDE 6NF**

**ACTIVE INGREDIENT**  
 Poly (hexethylene (dimethylamino) ethylene  
 (dimethylamino) ethylene dichloride) ..... 6.0%

**INERT INGREDIENTS** ..... 94.0%

This product contains 0.5 lb. of active ingredient per gallon and  
 weighs 6.1 lb. per gallon.

**KEEP OUT OF REACH OF CHILDREN**  
**CAUTION**

**PRECAUTIONARY STATEMENTS -  
 HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION** - Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes or clothing.

**FIRST AID** - If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water and alcohol. Call a physician immediately.

**ENVIRONMENTAL HAZARDS** - This pesticide is toxic to fish. Keep out of lakes, streams, or ponds. Permits may be required for discharge to streams, rivers, or ponds. Do not discharge into streams, ponds or public water. For guidance, contact the regional office of the Environmental Protection Agency.

**BEST DOCUMENT AVAILABLE**

**DIRECTIONS FOR USE  
 GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product inconsistent with its labeling.

**ALGAECIDE 6NF** is used to control the growth of algae in swimming pools. For maximum effectiveness, pools containing algae should be cleaned prior to using **ALGAECIDE 6NF**.

For pools having just visible algae growth add 97 to 150 fluid ounces of **ALGAECIDE 6NF** per 10,000 gallons of water and remove settled algae debris by cleaning.

For treatment of a freshly cleaned and filled pool, add 97 fluid ounces of **ALGAECIDE 6NF** per 10,000 gallons of water.

To maintain pools free of visible algae growth, substitute 24 to 48 fluid ounces of **ALGAECIDE 6NF** per 10,000 gallons of water should be made every 5 to 7 days thereafter.

**ALGAECIDE 6NF** is compatible with those chemicals used to treat pools and effective at both acid and alkaline pH. **ALGAECIDE 6NF** can be used in pools treated with chlorine. Do not mix **ALGAECIDE 6NF** with concentrated chlorine products.

**STORAGE & DISPOSAL**: Keep container closed when not in use. Do not contaminate water, food, or feed by storage, disposal or equipment. Do not reuse empty container. Triple rinse and dispose of container in an incinerator or in a landfill or bury in a safe place. Rinse that cannot be used should be disposed of in a landfill approved for pesticides in a safe place away from water supplies. Open flames.

**DIRECTIONS FOR USE**  
**GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

ALGAECIDE GNF is used to control the growth of algae in swimming pools. For maximum effectiveness, pools containing heavy growth of algae should be cleaned prior to using ALGAECIDE GNF.

For pools having just visible algae growth add an initial dose of 97 to 150 fluid ounces of ALGAECIDE GNF per 10,000 gallons of water and remove settled algae debris by cleaning.

For treatment of a freshly cleaned and filled pool, add initially 69 to 97 fluid ounces of ALGAECIDE GNF per 10,000 gallons of water.

To maintain pools free of visible algae growth, subsequent additions of 24 to 48 fluid ounces of ALGAECIDE GNF per 10,000 gallons of water should be made every 5 to 7 days after the initial treatment.

ALGAECIDE GNF is compatible with those chemicals normally used to treat pools and effective at both acid and alkaline pH. ALGAECIDE GNF can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix ALGAECIDE GNF with concentrated dry or liquid chlorine products.

**STORAGE & DISPOSAL:** Keep container closed when not in use. Do not contaminate water, food, or feed by storage, disposal, or cleaning of equipment. Do not reuse empty container. Triple rinse (or equivalent) and dispose of container in an incinerator or in an approved landfill, or bury in a safe place. Residue that cannot be used or reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Open flames prohibited.
