17 / 1

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 42050-8" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USE.

Dogs and Cats: Dilute at the rate of 3 ounces in 1 gallon of water. For rapid control of ticks, fleas and lice, sponge or dip solution on entire animal, thoroughly wetting the skin. Avoid contact with pet's face, eyes and genitalia.

Do NOT treat kittens or puppies less than four weeks old.

For rapid control of ticks, fleas and lice with a mist spray: Dilute at the rate of 1 ounce in 9 ounces of water. To insure thorough coverage, part the fur by stroking against the lay of the hair as spray is applied. Spray ticks directly. Apply to moisten the fur lightly.

To Control Insects in Kennels and Animal Quarters:

Dilute at the rate of 2 ounces in 20 ounces of water.

Remove pets before treating the area and ventilate thoroughly before allowing them to re-enter the treated area.

For rapid cleanout of fleas and ticks in kennels, apply with a good machine adjusted to deliver coarse droplets. Apply to the point of runoff, with special attention to cracks and crevices and other insect hiding places. Bedding should be removed and sprayed thoroughly.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Avoid contact with food and foodstuffs. Remove or cover during food processing operations during treatment or the before using. When used in these areas, apply only if not in operation.
