

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

JUL 25 1994

Mr. E. J. Castagnoli
York Chemical Corporation
3309 E. Carpenter Freeway
Irving, TX 75062

Dear Mr. Castagnoli:

Subject: Olympic Algaecide 20
EPA Registration No. 42177-9
Your Amendment Dated January 13, 1994

This is in response to your amendment of revised labeling for the subject product.

The labeling referred to above submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended is acceptable subject to the following comment.

1. Revise the Environmental Hazard statement to read:

"This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

A stamped copy is enclosed for you records. Submit five copies of final printed label.

CAUTION

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with eyes, or clothing.

STATEMENT OF PRACTICAL TREATMENT (FIRST AID)

If swallowed: Rinse mouth with large amounts of water, then drink of water. Do not induce vomiting. Avoid alcohol. Call a physician.

If in eyes: Flush with plenty of water for 15 minutes. Get medical attention.

If on skin: Wash with plenty of soap and water. If irritation persists, get medical attention.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of streams, or ponds. Permits may be required for discharges of this pesticide into lakes, streams, ponds or public water. For guidance, contact the regional office of the Environmental Protection Agency.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is used to control the growth of algae in swimming pools, heated pools, spas, whirlpools and hot tubs. For maximum effectiveness, clean spas, whirlpools, and hot tubs containing heavy growth of algae prior to using this product.

For pools having just visible algae growth, add an initial dose of 3 ounces of this product per 10,000 gallons of water and remove salt by cleaning.

For treatment of a freshly cleaned and filled pool, add initially 3 ounces of this product per 10,000 gallons of water.

To maintain pools free of visible algae growth, subsequent additions of 1 fluid ounce of this product per 10,000 gallons of water should be made 5 to 7 days after the initial treatment.

This product is compatible with those chemicals normally used to maintain pools. It is effective at both acid and alkaline pH. This product can be used with chlorine chemicals and may reduce the amount of those chemicals required. However, do not mix this product with concentrated chlorine products.

STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use. Do not use or feed by storage, disposal or cleaning of equipment. Residue used or reprocessed should be disposed of in a landfill approved for hazardous waste. Open dumping is prohibited.

METAL CONTAINERS: Triple rinse and offer for recycling, or disposal in approved landfill area.

PLASTIC CONTAINERS: Do not reuse empty container. Triple rinse and dispose of in an approved landfill area.
