

Reg # 42177-17 PM-32		EPA REGISTRATION NO. 42177-17	DATE OF ISSUANCE JUN 30 1994
US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS 767) WASHINGTON, DC 20460		TERM OF ISSUANCE	
NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input checked="" type="checkbox"/> REREISTRATION (Under the Federal Insecticide, Fungicide and Rodenticide Act, as amended)		NAME OF PESTICIDE PRODUCT OLYMPIC CHLORINATED TABLETS 1"	
NAME AND ADDRESS OF REGISTRANT (Include ZIP code)			
York Chemical Corporation 3309 E. Carpenter Fwy. Irving, Texas 75062			
NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.			
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.			
A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.			
Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.			
Based on your response to the Reregistration Eligibility Document, EPA has reregistered the above named product subject to the comments recorded in the succeeding paragraph. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.			
Make the following labeling changes before you release the product for shipment:			
1. Refer to the enclosed Isocyanurate RED Attachment A for the necessary revisions to the Precautionary Statements of the subject product label.			
2. Revise the Environmental Hazards statement to: "This pesticide is toxic to fish and other aquatic organism. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this			
SIGNATURE OF APPROVING OFFICIAL			DATE

product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA."

A stamped copy of the product label is enclosed for your records.

Submit one copy of the final printed labeling before releasing the product in channels of trade with the revised labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

**Concentrated • Stabilized**

**ACTIVE INGREDIENT:**

Trichloro-s-Triazinetrione ..... 97.0%

INERT INGREDIENTS.....3.0%

Available Chlorine 89%

**KEEP OUT OF REACH OF CHILDREN  
DANGER**

**Corrosive—See first aid and precautions on side panel.**

**NET WEIGHT: 25 lbs. (11.3 Kg.)**

## DIRECTIONS FOR

It is a violation of Federal law to use this product with its labeling

### FOR SWIMMING POOL

1. Proper conditioning of pool water is necessary for effectiveness of this product. Previously unconditioned pools must be treated with Pool Stabilizer. Follow instructions on label.
  2. Adjust pool water pH to 7.2--7.6. Use pH M Plus to increase pH. Follow instructions on the label.
  3. SUPERCHLORINATION is occasionally necessary to maintain a clear and algae free pool (see directions on label).
  4. MAINTENANCE DOSE for every 1,000 gallons of pool water: AUTOMATIC CHLORINATOR two tablets every 7 days; water frequently with a test kit and maintain 10-15 PPM and pH of 7.2--7.6.
  5. During extremely hot weather and/or heavy use, additional dosage may be required. This can be achieved by adding to the feeder for each 10,000 gallons of pool water. If additional chlorine dosage during the next 7 days is required, see directions on label.
- for quick adjustment of the residual chlorine level to 1.1 PPM residual chlorine by the addition of 1 tablet when used as directed will maintain the residual at 10 and 15 PPM under normal use conditions.
- NOTE:** Re entry into treated swimming pool after 3 ppm of chlorine.

### HOW TO CALCULATE POOL

#### SHAPE OF POOL

Rectangular ..... Average

Circular ..... Diameter X diameter

Oval with straight sides .....

Irregular .....

### STORAGE AND DIS

**STORAGE INSTRUCTIONS:** Store in original container in a cool, dry, locked storage area. Keep from freezing. Do not use if container is damaged or feed by storage and disposal.

**PESTICIDE DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash.

**CONTAINER DISPOSAL:** Do not reuse container. Rinse thoroughly before discarding in trash.

**GENERAL:** Consult Federal, state or local department of health for approved alternative procedures such as limited incineration.

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**DANGER:** Corrosive. Causes eye damage—wear goggles or face shield and rubber gloves when handling. May be harmful or fatal if swallowed. May cause chemical burns. Do not get in eyes, on skin or on clothing. Avoid breathing dust or fumes. Wash thoroughly after handling. Remove contaminated clothing promptly and wash before reuse.

**PRACTICAL TREATMENT (FIRST AID):** In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. Call a physician if SWALLOWED, promptly drink one or two large glasses of water. DO NOT induce vomiting. Get medical attention. Avoid alcohol.

**PHYSICAL AND CHEMICAL HAZARDS:** Strong oxidizing agent. Contact with other materials may cause fire or explosion, or result in dangerous pressure, especially if heated. Contact with water or moist soil can produce irritating and hazardous gases.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Treated effluents should be discharged where it will drain into lakes, streams, ponds, or riparian water. Do not contaminate water when disposing of equipment and mixtures. Apply this product only as specified on the label.

**SPILL:** Sweep up and while providing adequate ventilation, flush away with plenty of water.

**IN CASE OF FIRE:** Use water spray to cool containers exposed to heat. Do not use water to extinguish fire. Toxic fumes can be formed. Wear full protective clothing and self-contained breathing apparatus when fighting fires.
