 Covington, LA 70433

Subject: Olympic Chlorinated Tablets 1"
 EPA Registration Number 42177-17
 Application Date: May 19, 2003
 Receipt Date: May 20, 2003

Dear Mr. Rosenwasser:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

- To update your Confidential Statement of Formula (See CSF dated 5/19/03).
- To update the "first aid" statement in accordance with PR Notice 2001-1.
- To update the Precautionary Statements, Environmental Hazards, Physical and Chemical Hazards, and Storage and Disposal Statement.

Conditions

1. You must provide a "Hotline Telephone Number" under the First Aid Statement as per PR Notice 2001-1.
2. Revise the "Environmental Hazards Statement" to read:

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA".

CHLORINATED TABLETS 1"

Concentrated • Stabilized

Active Ingredient:

Trichloro-s-triazinetriane:	99%
Inert Ingredients:	1%
Total:	100%
Available Chlorine:	90%

KEEP OUT OF REACH OF CHILDREN

DANGER

SEE FIRST AID AND PRECAUTIONS ON SIDE PANEL

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: CORROSIVE. Causes irreversible eye damage. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

FIRST AID	
If in eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none">• Move person to fresh air.• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.• Call a poison control center or doctor for further treatment advice.
If on skin or clothing	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
If swallowed	<ul style="list-style-type: none">• Call poison control center, or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by the poison control center or doctor.• Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage.	

ACCEPTED **NET WEIGHT: 25 lbs (11.3 kg.)**

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

PHYSICAL AND CHEMICAL HAZARDS:

Strong Oxidizing Agent. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

FOR SWIMMING POOLS

1. Proper conditioning of pool water is necessary to insure maximum effectiveness of this product. Previously unconditioned pools should be treated with a pool stabilizer. Follow directions on the label.
2. Adjust pool water pH to 7.2 – 7.6. Use suitable products to lower or raise the pH. Follow directions on the label of the product used.
3. **SUPERCHLORINATION** is occasionally necessary to maintain a clean and algae free pool. See directions on label of product used.
4. **MAINTENANCE DOSE** for every 7,000 gallons of water, put into **AUTOMATIC CHLORINATOR** two tablets every

7 –10 days. Check pool water frequently with a test kit and maintain 1.0 –1.5 ppm chlorine residual and pH of 7.2 –7.6.

5. During extremely hot weather and/or heavy bathing loads, additional dosage may be required. This can be achieved by adding 3 more tablets to the feeder for each 10,000 gallons of pool water. This provides 0.5 ppm additional chlorine dosage during the next 7 days. However, if immediate chlorine dosage is required, see directions on label of shock product for quick adjustment of the chlorine residual of 1.1 ppm. After adjusting with to 1.1 ppm residual chlorine by addition of the shock product, this product when used as directed will maintain the residual chlorine level between 1.0 and 1.5 ppm under normal use conditions.

NOTE: Re-entry into treated swimming pools is prohibited above levels of 3.0 ppm of chlorine.

HOW TO CALCULATE POOL CAPACITY

SHAPE OF POOL	GAL. OF WATER(in Ft.)
Rectangular.....	Average depth X average length X average width X 7.5
Circular.....	Diameter X diameter X average depth X 5.9
Oval with.....	Full width X full length X average depth X 5.9
straight sides	
Irregular.....	Consult pool builder

STORAGE AND DISPOSAL

Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Moisture may decompose this product and

cause a violent reaction leading to fire and explosion. In case of decomposition, isolate container if possible and flood area with large volumes of water to dissolve all material before discarding this container. Do not contaminate food or feed by storage or disposal.

CONTAINER DISPOSAL: Do not reuse container, but place in trash collection. Rinse thoroughly before discarding.
