UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, DC 20460

DEC 17 2010

OFFICE OF
CHEMICAL SAFETY AND
POLLUTION PREVENTION

Richard Hanlon, Chemical Product Manager
Alliance Trading, Inc.
109 Northpark Blvd., 4th Floor
Covington, LA. 70433

Subject: Olympic Chlorinated Tablets 1"
EPA Registration Number 42177-17
Application Date: November 15, 2010

Dear Mr. Hanlon:

This acknowledges receipt of your Notification submitted in accordance with the provisions of PR Notice 98-10 under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)9 and received by the Agency on November 22, 2010.

Proposed Notifications

- Additional optional marketing language.
- Additional address information.
- Move the First Aid statements above the Precautionary statements.

General Comments

• Based on a review of the material submitted, the notification is acceptable with the following condition: the "Kills Bacteria" claims have been removed from the optional marketing language. The Agency considers this claim too broad for a swimming pool product. Submit a finished label with the revised language to this Office for our files.

Please submit a finished label with the revised language to this Office for our files. If you have questions concerning this letter, please contact Tom Luminello by telephone, (703) 308-8075, or by e-mail at luminello.tom@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Wanda Y. Henson", with a small flourish to the left.

Wanda Y. Henson
Acting Product Manager 32
Regulatory Management Branch II
Antimicrobials Division (7510-P)

Please read instructions on reverse before completing.

SUBJECT: EPA Reg. No. 42177-17 Master Olympic Chlorinated Tablets 1"

Notification per PR Notice 98-10 to move First Aid section on side panel top of panel and place precautionary statements underneath First Aid section.

Dear Mr. Luminello:

Please process the following three label changes submitted here via Notification:

- Addition of optional marketing statement relating to 1" trichlor tablets have been added similar to those accepted and used on competitor products, marked in red on the annotated label.
- Label layout change per Tom Luminello to move "FIRST AID" section to the top of the side panel, reposition the "Precautionary Statements" section after "FIRST AID" section.
- Add "4th floor" to Alliance Trading, Inc. address at bottom of label.

If you have any questions or need additional information, please feel free to contact me by phone at (508) 435-0050 x 222

Sincerely yours,

A handwritten signature in black ink, appearing to read "Richard Hall", is written over a horizontal line.

{ side/back panels, mandatory for all labels }

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call poison control center, or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IN CASE OF MEDICAL EMERGENCY, CALL 1-800-255-3924

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER: HIGHLY CORROSIVE. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or safety glasses and rubber gloves when handling this product. Irritating to nose and throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.

{ for all package sizes under 50 lbs. }

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish and aquatic organisms.

{ for all package sizes 50 lbs. and over }

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS: Strong Oxidizing Agent. Do not mix with other chemicals. Mix only with water. Never add water to product. Always add product to large quantities of water. When using automatic feeding devices, always follow manufacturer's directions as to the proper addition of sanitizer product to chlorinators. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals will start a chemical reaction and generate heat, hazardous gas, possible fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

FOR SWIMMING POOLS:

1. Proper conditioning of pool water is necessary to ensure maximum effectiveness of this product. Previously unconditioned pools should be treated with a pool stabilizer. Follow directions on the label.
2. Adjust pool water pH to 7.2-7.6. Use suitable products to lower or raise the pH. Follow directions on the label of the product used.
3. SUPERCHLORINATION is occasionally necessary to maintain a clean and algae free pool. See directions on label of product used.
4. MAINTENANCE DOSE: For every 7,000 gallons of water, put into AUTOMATIC CHLORINATOR two tablets every 7-10 days. Check pool water frequently with a test kit and maintain 1.0 to 1.5 ppm chlorine residual and pH of 7.2 -7.6..
5. During extremely hot weather and/or heavy bathing loads, additional dosage may be required. This can be achieved by adding 3 more tablets to the feeder for each 10,000 gallons of water. This provides .5 ppm additional chlorine dosage over the next 7 days. However, if immediate chlorine dosage is required, see directions on label of shock product for quick adjustment of the chlorine residual of 1.1 ppm. After adjusting to 1.1 ppm residual chlorine by addition of the shock product, this product when used as directed will maintain the residual chlorine level between 1.0 and 1.5 ppm under normal use conditions.

REENTRY: Reentry into treated pools prohibited above 3 ppm chlorine due to risk of bodily injury.

HOW TO CALCULATE POOL CAPACITY	
SHAPE OF POOL	GAL. OF WATER (in Ft.)
Rectangular.....	Average depth x average length x average width x 7.5
Circular.....	Diameter x diameter x average depth x 5.9
Oval with straight sides..	Full width x full length x average depth x 5.9
Irregular.....	Consult pool builder

{these storage and disposal directions pre-approved by Jeanne Kasai EPA 4-7-10}

STORAGE AND DISPOSAL: {Optional statements – usage depends on whether or not product is packaged for household/residential, Non-household/residential use or single-use, non-resealable package..}

{Nonrefillable container - household/residential use}
[**STORAGE:** Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.
DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.
FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING.]
