WASHINGTON, DC 20460

MAY 07 2010

OFFICE OF
CHEMICAL SAFETY AND
POLLUTION PREVENTION

Richard Hanlon, Chemical Product Manager
Alliance Trading, Inc.
109 Northpark Blvd., 4th Floor
Covington, LA. 70433

Subject: Olympic Granular 90
EPA Registration Number 42177-18
Application Date: April 9, 2010

Dear Mr. Hanlon:

This acknowledges receipt of your Notification submitted in accordance with the provisions of PR Notice 98-10 under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)9 and received by the Agency on April 12, 2010.

Proposed Notifications

- Revisions to Storage and Disposal Statement in accordance with PR Notice 2007-4.
- Additional optional marketing language.
- Correction of typographic error, addition emergency number and establishment number
- Addition of alternate brand names: "Pool Season Giant Size Chlorinating Tablets", "PoolStyle Pool Products Chlorinating Tablets 3'", and "E-Z Clor Big Tabs" and "Regal Chlorinated Tablets 3'".

General Comments

Based on a review of the material submitted, the notification is acceptable.

Please submit a finished label with the revised language to this Office for our files. If you have questions concerning this letter, please contact Tom Luminello by telephone, (703) 308-8075, or by e-mail at luminello.tom@epa.gov.

Sincerely,

A handwritten signature in dark ink, appearing to read "Wanda Y. Henson".

SUBJECT: EPA Reg. No. 42177-18 Master Olympic Chlorinated Tablets 3"
Notification of update to Storage and Disposal per PR Notice 2007-4
Notification of addition of marketing statements per PR Notice 98-10
Notification of typographical correction per PR Notice 98-10.
Notification of addition of alternate brand names per PR Notice 98-10

Dear Mr. Luminello:

Tom, Please replace notification on this that was sent in last week, per our discussion I have made changes to storage and disposal per Jeanne Kasai.

Please process the following three label changes submitted here via Notification:

- New Storage and Disposal changes required by PR Notice 2007-4, these changes **pre-approved on 4-7-10 by Jeanne Kasai (EPA)** are marked in red on the annotated label.
- Addition of optional marketing statement relating to 3" trichlor tablets have been added similar to those accepted and used on competitor products, marked in red on the annotated label.
- corrected typographical error not previously noticed as it was accepted without it.(see skimmer directions for word "if" added in to make statement grammatically correct.
- Addition of brand names " POOL SEASON GIANT SIZE CHLORINATING TABLETS", POOLSTYLE POOL PRODUCTS CHLORINATING TABLETS 3", "E-Z CLOR BIG TABS", "REGAL CHLORINATED TABLETS 3"

If you have any questions or need additional information, please feel free to contact me by phone at (508) 435-0050 x 222

Sincerely yours,

Chemical Product Manager

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: HIGHLY CORROSIVE. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or safety glasses and rubber gloves when handling this product. Irritating to nose and throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

IF SWALLOWED: Call poison control center, or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IN CASE OF MEDICAL EMERGENCY, CALL 1-800-255-3924

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

{ for all package sizes under 50 lbs. }

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish and aquatic organisms.

{ for all package sizes 50 lbs. and over }

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS: Strong Oxidizing Agent. Do not mix with other chemicals. Mix only with water. Never add water to product. Always add product to large quantities of water. When using automatic feeding devices, always follow manufacturer's directions as to the proper addition of sanitizer product to chlorinators. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals will start a chemical reaction and generate heat, hazardous gas, possible fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood with large volumes of water.

FOR SWIMMING POOLS:

When used as directed, this product is an effective stabilized chlorine. This slow dissolving product releases sufficient chlorine to reduce the growth of harmful algae and micro-organisms in your pool.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

Ensure all pool equipment is working properly. Backwash the filter system following manufacturer's instructions. Adjust pH to between 7.2-7.6. Add stabilizer to establish a minimum stabilizer level of 30-40 ppm to reduce the radiative effects of sunlight upon the chlorine residual. Superchlorinate the pool so that a chlorine residual of between 1-3 ppm is obtained. When using other products as outlined in directions for this product, always follow directions on those products.

WHEN USED IN AUTOMATIC CHLORINATORS AND FLOATERS: This product can be used in feeding mechanisms such as automatic chlorinators and floaters as a maintenance treatment. Fill unit with this product and adjust the feeding mechanism to assure a constant treatment level of 1-3 ppm available chlorine in the pool water. Normally, 1-2 ounces of this product per 10,000 gallons, will be needed daily. Use a test kit or test strips to monitor chlorine levels and adjust the chlorine feed mechanism as needed. Check and refill chlorinator as needed. Do not let this product come in direct contact with vinyl liners or other bleachable surfaces as damage may occur.

WHEN USED IN SKIMMERS: This product may be used in plastic skimmers only if skimmer and piping are plastic. Do not add other chemicals through the skimmer when using this product in skimmer as an explosion or fire may result. Do not turn pump off for more than 8 hours in vinyl pools when pucks are in skimmer. Initially add one of this product per 10,000 gallons of water. Add additional product as determined by test kit or test strips to maintain chlorine residual of 1-3 ppm.

REENTRY: Reentry into treated pools is prohibited above 3 ppm chlorine due to risk of bodily injury.
