AND TOXIC SUBSTANCES

Robert Rosenwasser, Agent  
Alliance Packaging  
109 Northpark Blvd. 4th Floor  
Covington, LA. 70433

SUBJECT: May 30, 2003 Label Amendment  
Jack Frost Winter Prep  
EPA Registration 42177-30

Dear Mr. Rosenwasser:

The amendment referred to above, submitted in connection with registration of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is conditionally acceptable provided the following changes are made:

1. Place the "If Inhaled" treatment regimen under "If On Skin" in the First Aid section.
2. Insert the word "separately" between wash and before under the Precautionary statements.
3. Line up Active Ingredient with name of active chemical and change Inert to Other.

A copy of your conditionally accepted stamped label is enclosed. Please submit a copy of your finished label to this office for our files. If you have any questions regarding this letter, please contact Tom Luminello of my staff at (703) 308-8075.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Tom Luminello".

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic organisms.

**PHYSICAL AND CHEMICAL HAZARDS:**

Strong Oxidizing Agent. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product provides a stable form of chlorine for winterization. Test pH and adjust, if necessary, to 7.4-7.6. With the pool pump in operation, broadcast this product into the deep end of the pool. Use 1 pound per 10,000 gallons of water. Brush pool walls, vacuum, and clean out skimmer baskets and hair and lint trap. Backwash filter thoroughly. Follow manufacturer's directions concerning the winterization of equipment.

Add ½ quart of Winter Guard per 10,000 gallons of water.

Before covering pool, to insure that metal stains do not occur during the winter months, add a suitable scale and metal control product. Follow label directions of product used.
