OFFICE OF
PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

Richard Hanlon,
Alliance Trading, Inc.
109 Northpark Blvd.
Covington, LA 70433

Subject: Master Olympic Poly-Algaecide 60
EPA Registration Number: 42177-32
Notification Date: March 29, 2010
EPA Receipt Date: April 5, 2010

Dear Mr. Hanlon:

This acknowledges receipt of your notification, submitted under the provisions of PR Notice 98-10, FIFRA section 3(c) 9.

Proposed Notification:

- Update Storage and Disposal per PR Notice 2007-4
- Add marketing statements
- Add alternate brand names, Poolstyle Algae Blast 60 and Poolstyle Algaemax

General Comments:

Based on a review of the submitted materials, your notification to update the "Storage and Disposal" statements per PR Notice 2007-4, add marketing statements, and alternate brand names is acceptable and apart of the records on file.

If you have further questions concerning this letter, then please contact me by telephone at (703) 308-6416 or by e-mail at campbell-mcfarlane.jacqueline@epa.gov or Killian Swift by telephone at (703) 308-6346 email address at swift.killian@epa.gov. When you are submitting information or data in response to this letter, send a copy of this letter to accompany the submission in order to facilitate processing.

Sincerely,

Jacqueline Campbell-McFarlane
Acting Product Manager B4
Regulatory Management Branch II
Antimicrobials Division (7510P)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

If swallowed: Call poison control center, or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IN CASE OF MEDICAL EMERGENCY, CALL 1-800-255-3924

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

{ for all package sizes under 5 gallons }

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish.

{ for all package sizes 5 gallons and over }

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

[This product]{or}[brand name] is used to control the growth of algae in swimming pools, exterior spas, whirlpools, and hot tubs. For maximum effectiveness, pools, spas, whirlpools and hot tubs containing heavy growth of algae must be cleaned prior to using [this product]{or}[brand name].

For pools having just visible algae growth, add an initial dose of 11 to 17 fluid ounces of [this product]{or}[brand name] per 10,000 gallons of water and remove settled algae debris by cleaning.

For treatment of freshly cleaned and filled pool, add initially 6 to 11 fluid ounces of [this product]{or}[brand name] per 10,000 gallons of water.

Subsequent additions of 2 to 4 fluid ounces of this product per 10,000 gallons of water must be made every 5 to 7 days after initial treatment for maintenance.

6066
Spas, whirlpools and hot tubs having just visible signs of algae growth require an initial dose of 1 to 2 fluid ounces of this product[or][brand name] per 1,000 gallons of water. For treatment of freshly cleaned spas, whirlpools or hot tub, add initially 0.6 to 1.1 fluid ounces of [this product][or][brand name] per 1,000 gallons of water. Subsequent additions of 0.2 to 0.4 fluid ounces of this product must be made every 5 to 7 days after initial treatment for maintenance.

[This product][or][brand name] is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. This product[or][brand name] can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix with concentrated dry or liquid chlorine products.

FOR WINTER ALGAE CONTROL: This product[or][brand name] will prevent the growth of most algae during the off season winter months when pools are not in use. For pools which have been properly treated during the swimming season and are free of visible algae, add 6 ½ to 13 ounces of [this product][or][brand name] per 10,000 gallons of water. For pools having some visible algae growth at the end of the swimming season, add 13 to 19 ounces of [this product][or][brand name] per 10,000 gallons of water. Distribute this product uniformly throughout the pool to ensure maximum effectiveness. If the pool is not covered, it may be necessary to repeat the treatment one or more times during the season.

STORAGE AND DISPOSAL:

{Nonrefillable container - household/residential use}

[Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.

Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available.]

{Nonrefillable container – single-use, non-resealable package}

[Keep this product dry in its tightly closed container. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse and discard empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.]

{Nonrefillable container - non-household/residential use}

[Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Keep this product dry in its tightly closed container when not in use.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse this container. Offer for recycling if available. If not, puncture and dispose of in a sanitary landfill.]
