Washington, DC 20036

Subject: Amended Reregistration Label
Product Name: Master Olympic Algaecide 60
EPA Registration Number: 42177-32
Decision Number: 455672

Dear Ms. Wacek:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Busan 77 RED and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

NOTE: This product is **not** yet being reregistered under section 4(g) of FIFRA.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 6/21/2012
- Alternate #1 CSF, dated 6/21/2012
- Alternate #2 CSF, dated 6/21/2012

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment or the next printing of the label, whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions about this letter, please contact Jacqueline Hardy by phone at (703) 308-6416, or via email at hardy.jacqueline@epa.gov.

Sincerely,

A handwritten signature in red ink that reads "Jacqueline Hardy". The signature is written in a cursive style and is positioned above the typed name and title.

Jacqueline Hardy, Product Manager (34)
Regulatory Management Branch II
Antimicrobials Division (7510P)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed and absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID

If swallowed: Call poison control center, or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IN CASE OF MEDICAL EMERGENCY, CALL 1-800-255-3924

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

{for all package sizes under 5 gallons}

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish.

Alliance Trading, Inc.

8 Month DCI Response - June 6, 2012, Version (2) June 16, 2016

Page 2 of 4

{for all package sizes 5 gallons and over}

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS:

This product is a reducer. Keep away from oxidizing agents

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. [This product] {or} [brand name] is used to control the growth of algae in swimming pools, exterior spas, whirlpools, and hot tubs. For maximum effectiveness, pools, spas, whirlpools and hot tubs containing heavy growth of algae must be cleaned prior to using [this product] {or} [brand name].

For pools having just visible algae growth, add an initial dose of 11 to 17 fluid ounces of [this product] {or} [brand name] per 10,000 gallons of water and remove settled algae debris by cleaning.

For treatment of freshly cleaned and filled pool, add initially 6 to 11 fluid ounces of [this product] {or} [brand name] per 10,000 gallons of water. Subsequent additions of 2 to 4 fluid ounces of this product per 10,000 gallons of water must be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools and hot tubs having just visible signs of algae growth require an initial dose of 1 to 2 fluid ounces of this product]{or}[brand name] per 1,000 gallons of water. For treatment of freshly cleaned spas, whirlpools or hot tub, add initially 0.6 to 1.1 fluid ounces of [this product]{or}[brand name] per 1,000 gallons of water. Subsequent additions of 0.2 to 0.4 fluid ounces of this product must be made every 5 to 7 days after initial treatment for maintenance. [This product] {or} [brand name] is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. This product] {or} [brand name] can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix with concentrated dry or liquid chlorine products.

FOR WINTER ALGAE CONTROL: This product] {or} [brand name] will prevent the growth of most algae during the off season winter months when pools are not in use. For pools which have been properly treated during the swimming season and are free of visible algae, add 6 ½ to 13 ounces of [this product] {or} [brand name] per 10,000 gallons of water. For pools having some visible algae growth at the end of the swimming season, add 13 to 19 ounces of [this product] {or} [brand name] per 10,000 gallons of water. Distribute this product uniformly throughout the

pool to ensure maximum effectiveness. If the pool is not covered, it may be necessary to repeat the treatment one of more times during the season.

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

{ Nonrefillable container - household/residential use }

Pesticide Storage: Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.

Pesticide Disposal and Container Handling: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain. Offer for recycling if available.

{ Nonrefillable container – single-use, non-resealable package }

Pesticide Storage: Keep this product dry in its tightly closed container. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Rinse and discard empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.

{ Nonrefillable container - non-household/residential use }

Pesticide Storage: Keep this product dry in its tightly closed container when not in use.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse this container. Offer for recycling if available. If not, puncture and dispose of in a sanitary landfill.
