Subject: Label Amendment – Registration Review Interim Decision Label Mitigation
Product Name: Olympic Algaecide 60
EPA Registration Number: 42177-32
Received Date: 3/19/22
Decision Number: 582619

Dear Perri:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the *Polixetonium Chloride Interim Registration Review Decision*, and has concluded that your submission is acceptable.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6) you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Peter Bergquist by phone at 202-566-0648, or via email at bergquist.peter@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Gayoso", is centered on the page. The signature is fluid and cursive, with a large initial "J" and a stylized "G".

Jose Gayoso, Senior Regulatory Advisor

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed and absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing separately before reuse.

FIRST AID

If swallowed: Call poison control center, or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IN CASE OF MEDICAL EMERGENCY, CALL 1-800-255-3924

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

{for all package sizes}

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish and aquatic organisms.

PHYSICAL OR CHEMICAL HAZARDS:

This product is a mild reducer! Keep away from strong oxidizing agents such as sodium hypochlorite bleach and chlorine tablets for swimming pools.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Users are recommended to wear waterproof gloves when applying this product to [pools], [spas], or [hot tubs]. Suggested glove types include butyl and nitrile.

Before draining a treated pool, spa, or hot tub, contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool, spa, or hot tub, water to any location that flows to a gutter or storm drain or natural water body unless discharge is allowed by state and local authorities.

[This product] {or} [brand name] is used to control the growth of algae in swimming pools, exterior spas, whirlpools, and hot tubs. For maximum effectiveness, pools, spas, whirlpools and hot tubs containing heavy growth of algae must be cleaned prior to using [this product] {or} [brand name].

For pools having just visible algae growth, add an initial dose of 11 to 17 fluid ounces of [this product] {or} [brand name] per 10,000 gallons of water and remove settled algae debris by cleaning.

For treatment of freshly cleaned and filled pool, add initially 6 to 11 fluid ounces of [this product] {or} [brand name] per 10,000 gallons of water.

Subsequent additions of 2 to 4 fluid ounces of this product per 10,000 gallons of water must be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools and hot tubs having just visible signs of algae growth require an initial dose of 1 to 2 fluid ounces of this product {or} [brand name] per 1,000 gallons of water. For treatment of freshly cleaned spas, whirlpools or hot tub, add initially 0.6 to 1.1 fluid ounces of [this product] {or} [brand name] per 1,000 gallons of water. Subsequent additions of 0.2 to 0.4 fluid ounces of this product must be made every 5 to 7 days after initial treatment for maintenance.

[This product] {or} [brand name] is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. This product {or} [brand name] can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix with concentrated dry or liquid chlorine products.

FOR WINTER ALGAE CONTROL: This product] {or} [brand name] will prevent the growth of most algae during the off season winter months when pools are not in use. For pools which have been properly treated during the swimming season and are free of visible algae, add 6 ½ to 13 ounces of [this product] {or} [brand name] per 10,000 gallons of water. For pools having some visible algae growth at the end of the swimming season, add 13 to 19 ounces of [this product] {or} [brand name] per 10,000 gallons of water. Distribute this product uniformly throughout the pool to ensure maximum effectiveness. If the pool is not covered, it may be necessary to repeat the treatment one of more times during the season.

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

{Nonrefillable container - household/residential use}

Pesticide Storage: Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.

Pesticide Disposal and Container Handling: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain. Offer for recycling if available.

{Nonrefillable container – single-use, non-resealable package}

Pesticide Storage: Keep this product dry in its tightly closed container. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Rinse and discard empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.

{Nonrefillable container - non-household/residential use}

Pesticide Storage: Keep this product dry in its tightly closed container when not in use.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse this container. Offer for recycling if available. If not, puncture and dispose of in a sanitary landfill.
