MAY 28 1991

York Chemical Corporation
3309 East Carpenter Freeway
Irving, TX 75062

Attn: E.J. Castagnoli

Subject: Olympic Poly-Algaecide 30
EPA Registration No. 42177-33
Your Application of January 18, 1991

The submission noted above involving a product name change and a revision of the first aid instructions on the product label has been reviewed and the following comments apply.

The new product name, "Olympic Poly-Algaecide 30" is acceptable under this registration and is being recorded in the Agency's file for this product.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. A stamped copy is enclosed for your records. Five copies of the finished labeling must be submitted before you release the product for shipment.

- Delete the "General Classification" statement from the label.

If you should have any questions concerning this letter, you may call Robert Travaglini on (703) 557-6909.

Sincerely,

WCF

Walter C. Francis

CAUTION PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing dust, fumes, or clothing.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Rinse mouth with large amounts of water. Do not induce vomiting. Avoid alcohol. Call a doctor.

If in eyes: Flush with plenty of water for 15 minutes.

If on skin: Wash with plenty of soap and water.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish, birds, and aquatic life.

Permits may be required for application to lakes, streams, ponds or public water. Consult your local office of the Environmental Protection Agency.

DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is used to control the growth of algae in swimming pools, hot tubs, and spas. For maximum effectiveness, use in hot tubs containing heavy growth of algae should be treated with this product.

For pools having just visible algae growth, add an amount of this product per 10,000 gallons of water and clean. For treatment of a freshly cleaned and filled pool, add 8 fluid ounces of this product per 10,000 gallons of water. For hot tubs, add 1 fluid ounce of this product per 1,000 gallons of water. Subsequent additions of product should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, or hot tubs having just visible algae growth should be treated with 4 fluid ounces of this product per 1,000 gallons of water. For hot tubs, add 1 fluid ounce of this product per 1,000 gallons of water. Subsequent additions of product should be made every 5 to 7 days after initial treatment for maintenance.

This product is compatible with those chemicals used in swimming pools and is effective at both acid and alkaline pH. Do not use in pools treated with chlorine chemicals and other chemicals normally required. However, do not mix with liquid chlorine products.

STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use. Do not use for storage, disposal or cleaning of equipment. Reprocessed should be disposed of in a landfill application is prohibited.

METAL CONTAINERS: Triple rinse and offer for recycling or disposal in approved landfill area.

PLASTIC CONTAINERS: Do not reuse or offer for recycling or disposal in an approved landfill area.
