GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling Olympic Poly-Algazine 30-35 is a fast-acting, non-metallic algaecide specifically designed to effectively control most types of algae found in swimming pool water. Poly-Algazine 30-35 is compatible with those chemicals normally used to treat pools and is effective at both acid and alkaline pH. It can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required but is not intended as a substitute for chlorine sanitization Do not mix Poly-Algazine 30-35 with concentrated dry or liquid chlorine products or any other pool chemicals

1. Use the dosage appropriate for your pools condition as follows initial treatment of a freshly filled or a clean pool with no visible algae growth; Add 8 to 12 find conces of Poly-Algazine 30-35 for every 10,000 gallons of water to prevent algae

Initial treatment of a pool with visible algae growth: Add 16 to 24 fluid ounces of Poly-Algazine 30-35 for every 10,000 gallons of water. Allow dead algae to settle to the pool foor then remove by vacuuming. Pools with particularly heavy growths of algae should be cleaned prior to using Poly-Algazine 30-35

Maintenance dose. Subsequent auditions of 4 to 8 fluid ounces of Poly Algazine 30 35 for every 10 000 gallons of water should be made every 5 to 7 days following the initial treatment to keep your pool free of algae growths

- 2. Shake well before using
- 3. Mix the required anxiont per dosage instructions above in a clean bucket of water or sprinkling
- 4. Distribute the mixed solution uniformly over the pool surface area. This product contains a herbicide, be careful to avoid spillage and wind carried spray. Do not allow swimmers in the -- 12 oz pool during treatment

## STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use. Leaking or damaged containers should 10 oz be placed in a plastic bag and discarded in trash. Mop up spills with clear water. All posticides should be kept out of reach of children and stored away from food
