

3. Submit one (1) copy of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

We are contacting your supplier concerning the nitrosamine testing reported in your letter of January 10, 1986.

CAUTION

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: Harmful if swallowed. Avoid breathing spray mist. Undiluted product may irritate the skin. Avoid contact with skin, eyes, and clothing. In cases of skin contact, wash thoroughly, and in cases of eye irritation or swallowing, call a physician.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. DMA Algaecide provides effective control of algae growth in all types of swimming pools. Even though it affords long term algae control, periodic additions on a scheduled basis will assure lasting algae control. Treated water may be used immediately after addition of DMA Algaecide. DMA Algaecide is designed to prevent the growth of swimming pool algae. Dilute DMA Algaecide with at least nine parts of water and sprinkle around edge of pool. Add additional amounts of DMA Algaecide every two weeks according to directions on the chart. For best results begin pool maintenance with DMA Algaecide when the pool is first filled with water. Add according to the size of pool as given in the chart below.

DILUTION CHART FOR SWIMMING POOLS

Pool Capacity Gallons of Water	Initial Treatment	Treatment Once Every Two Weeks
5,000	5 Ounces	2 1/2 Ounces
10,000	10 Ounces	5 Ounces
20,000	20 Ounces	10 Ounces
30,000	30 Ounces	15 Ounces
40,000	40 Ounces	20 Ounces
50,000	50 Ounces	25 Ounces

NOTICE: The manufacturer warrants that this product in its unopened package conforms to the chemical description on the label and is reasonably fit for the purposes set forth on the label when used according to directions under normal use conditions. THERE ARE NO OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING A WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE. This warranty does not extend to the handling or use of this product contrary to label instructions or under abnormal conditions or under conditions not reasonably foreseeable to seller, and buyer assumes all risk of any such use.

STORAGE & DISPOSAL

STORAGE: Keep container closed when not in use. Store product in original container in locked storage area. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.

DISPOSAL: Do not reuse empty container. Rinse thoroughly before discarding in trash.
