**RE: EPA Reg. No. 42177-67 Olympic Granular Algae Out
Notification of Addition of Alternate Brand Name per PR Notice 98-10**

Dear Mr. Luminello:

Alliance Trading, Inc. is submitting this notification to add an alternate brand name to our Olympic Granular Algae Out registration (US EPA Reg. No. 42177-67).

The name of this alternate brand is:

Regal Granular 90

If you have any questions or need additional information, you may contact me via telephone or e-mail below.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Annette Niemiec", is written over a horizontal line.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

IF SWALLOWED: Call poison control center, or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IN CASE OF MEDICAL EMERGENCY, CALL 1-800-255-3924

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER: CORROSIVE. Causes irreversible eye damage. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash separately before reuse.

{for all package sizes under 50 lbs.}

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish and aquatic organisms.

{for all package sizes 50 lbs. and over}

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS: Strong Oxidizing Agent. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

PREVENTION OF PROPERTY DAMAGE: Contact between this product in its undissolved state and vinyl liners, painted surfaces, or other property in and around the pool will result in permanent bleaching of the color.

SPECIAL PRECAUTIONS:

1. This product has a powerful chlorine odor. Hold away from face when opening to avoid breathing fumes.
2. Use the product as instructed on the label. Do not take advice from others or experiment by yourself.

3. This product, because of its potent formulation, can be dangerous if not used properly. Do not mix with any other chemicals. Doing so could result in a violent chemical reaction. Do not add water to this product in a closed container. Do not add water to this product in a small amount of water in a pail.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
INITIAL DOSAGE: The pH of the pool water should be adjusted to 7.4 to 7.6 before applying this product. For light algae growth, use 7 ounces per 10,000 gallons of water. For heavy algae growth, use 14 ounces per 10,000 gallons of water. Twelve to twenty-four hours after treatment, remove dead algae growth by brushing or scraping. Expose algae in cracks or wrinkles which may have been protected from the high chlorine residual. It will begin to reproduce again as the chlorine residual falls. If living algae is still visible after brushing, repeat treatment.

NOTE: Re-entry into treated swimming pool is prohibited above levels of 3.0 ppm of chlorine.

Use one of the following methods of application:

SKIMMER METHOD: Use this method to avoid bleaching vinyl liner, fiberglass or paint. Empty skimmer of all chemicals and debris. Make sure that pump and filter are on and that water is properly recirculating through skimmer. Remove any chemicals that may be in an in-line automatic feeder. Pour this product slowly into skimmer, making sure that the material is drawn into the system at the same rate. Do not allow this material to accumulate as gases generated may cause an explosion.

BROADCAST METHOD: Shut off filter pump, brush wall-clinging algae vigorously, then allow pool water to become stationary. Broadcast over surface of water where algae growth appears in the evening or when the pool is not in use. Use skimmer method to prevent bleaching of colored surfaces.

{ these storage and disposal directions were pre-approved on 4-7-10 by Jeanne Kasai (EPA) }

STORAGE AND DISPOSAL: {Optional statements – usage depends on whether or not product is packaged for household/residential, Non-household/residential use or single-use, non-resealable package..}

{Nonrefillable container - household/residential use}

[STORAGE: Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.

DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate water, food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING.]

{Nonrefillable container - non-household/residential use}

[**STORAGE:** Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Do not contaminate water, food or feed by storage or disposal or cleaning of equipment.

DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. Rinse empty container thoroughly with water to dissolve all material prior to disposal.

FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING.]

EMERGENCY HANDLING: In case of contamination or decomposition – Do not reseal container. Immediately remove container to an open and well-ventilated outdoor area by itself. Flood with large amounts of water. Dispose of the container and any remaining contaminated material in an approved landfill area.
