Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

42198-8

JAN 10 1997

NOTICE OF PESTICIDE:
 X Registration
 Reregistration

Term of Issuance:

Conditional

Name of Pesticide Product:

NAC 20

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

NATIONAL RESEARCH & CHEMICAL COMPANY
15600 New Century Drive
Gardena, CA 90248

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c) (7) (A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c) (5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 42198-8".
 - b. Revise the Precautionary Statements to read:

"Harmful if swallowed. Causes eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling."

Signature of Approving Official:

- c. Revise the Statement of Practical Treatment to include:

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

- d. In the Directions for Use to control fleas, delete the second occurrence of the statement "Apply directly on carpets where pets frequently traffic or sleep."
- e. In the Directions for Use in Food Handling Establishments, move the statement "Follow application directions . . . under nonfood serving areas below." so that it appears in the paragraph with the subheading "FOOD SERVING AREAS:".
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed. Wash thoroughly after handling. Avoid contamination of food and feed.

Statement of Practical Treatment

If In Eyes: Flush with copious amounts of water. Get medical attention. **If On Skin:** Rinse with water. **If Swallowed:** Drink large amounts of water. Get medical attention. **If Inhaled:** Remove to fresh air.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product may be used in homes, restaurants and other food and food handling establishments, markets, schools, warehouses, factories, offices, hotels, motels, hospitals, nursing homes, garages, grocery stores, apartment buildings, new construction, industrial plants, theaters, ships, boats, trains, trucks, yachts, camps, mobile homes, buses, zoos, kennels, military bases, libraries, utilities and sewers.

DOMESTIC (HOMEOWNER USE): FLEAS

Use Restrictions: Children and pets should not be in treatment area until after application is completed. Do not treat pets with this product. Avoid contamination of feed and foodstuff. Avoid contamination of ornamental plants.

Application Directions for Flea Control: Carpets: Apply directly on carpets where pets frequently traffic or sleep at the rate of one pound per 50 square feet (63 mg/sq.in.). Apply only to dry surfaces. Apply directly on carpets where pets frequently traffic or sleep. Work powder deeply into fibers and mat with a broom or rug rake. Any powder visible after application must be brushed into carpet fibers or vacuumed. Allow powder to remain for a period of three weeks to achieve maximum flea control in carpets. Reapply if necessary.

Furniture and Upholstery: Remove loose cushions. Apply along creases and into corners and furniture wells. Do not apply product to exposed fabric. Any product visible after application must be removed.

DOMESTIC (HOMEOWNER USE): COCKROACHES, ANTS AND SILVERFISH

Use Restrictions: Children and pets should not be in treatment area until after application is completed. Do not treat pets with this product. Avoid contamination of feed and foodstuff. Avoid contamination of ornamental plants.

Application Directions for Cockroach, Ant and Silverfish Control: Apply liberally, scattering under and behind refrigerator, stove, sink, dishwasher, washing machine and dryer, tubs; into openings around drains, water pipes and electrical conduits, and in cracks and crevices along baseboards and corners of cabinets, cupboards and closets. Remove all lower drawers in kitchen and bathroom cabinets, bedroom dressers and chests of drawers, then scatter liberally in drawer wells. Any powder visible after application must be brushed into cracks and crevices or removed. Reapply as necessary.

4 of 4

NON-DOMESTIC USE (NONEDIBLE PRODUCT AREAS ONLY)

Use Restrictions: Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuff. Do not use in edible product areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

Directions for Applying in New and Existing Construction to Control Cockroaches: When treating large areas, such as wall voids, soffit and subcabinet voids, in new and existing construction, dust liberally using dusting application equipment. **Directions for Applying in Sewers and Manhole Cavities:** Apply this product at a rate not to exceed 12 oz. per 190 sq.ft. using portable blowers or air pressure tanks.

Directions for Applying as a Mop Solution to Control Cockroaches: Mixing and Application Directions: Add 1 cup of powder to each gallon of rinse water. Apply to floor areas only. Make only enough for each application.

Supplemental treatment only. Reapply as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Avoid contamination of feed and foodstuffs.

FOOD HANDLING ESTABLISHMENTS

Places other than private residences in which food or feed is held, processed, prepared or served.

FOOD AREAS (INCLUDING SOME SERVING AREAS): Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Also includes some serving areas.

FOOD SERVING AREAS: Serving areas are facilities where food is served, such as dining rooms, but not where food is prepared or held. These areas are considered food areas when food is exposed and the facility is in operation.

Follow application directions in this section. If food is not exposed and facility is not in operation, follow application directions under nonfood serving areas below.

Use Restrictions: Food area application is limited to crack and crevice treatment only. Applications to other areas are not permitted.

Application Directions: Apply in small amounts directly into cracks and crevices using a bulbous duster or other suitable equipment capable of applying insecticides directly into cracks and crevices, in points between different elements of construction, between equipment and floor openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housing and electrical switch boxes where cockroaches hide. Care should be taken to avoid depositing this product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

NONFOOD AREAS (INCLUDING SOME SERVING AREAS)

Includes garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Also includes some serving areas. Serving areas are facilities where food is served, such as dining rooms, but not where food is prepared or held. These areas are considered nonfood areas when food is not exposed and the facility is not in operation. Follow application directions in this section. If food is exposed and the facility is in operation, follow application directions under Food Serving Areas.

Application Directions: Apply as a spot treatment to selective surfaces such as baseboards and under elements of construction, into cracks and crevices. Avoid treating surfaces likely to be contacted by food.

OTHER NONFOOD AREAS

Application Directions: Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they enter.

FOR FOMES ANNOSUS CONTROL

Sprinkle this product "salt shaker" style on the freshly cut stump surface. Complete coverage, including exposed side areas and any splinters, is necessary. Also, level rather than sloping stump surfaces is preferred, especially in areas of high rainfall. Apply enough of this product to lightly cover stump surface. At proper rates of application, one pound of this product will adequately cover 50 square feet of stump surfaces.

[For product packaged in containers of 5 pounds or less:]

STORAGE: Store in a dry place. Do not store where children or animals may gain access. **DISPOSAL:** Do not reuse empty containers; wrap and put in trash.

[For product packaged in containers greater than 5 pounds:]

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a dry place. Do not store where children or animals may gain access. **PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **CONTAINER DISPOSAL:** Completely empty container into application equipment. Then dispose of empty container in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
