## OIL BASE INSECTICIDE

**A SYNTHETIC PYRETHROID FOR CONTROLLING THE FOLLOWING SMALL FLYING INSECTS AND CRAWLING INSECTS:**

Houseflies, mosquitoes, gnats, fruit flies, flying moths (Millers), wasps, hornets, yellow jackets, cockroaches, waterbugs ants, crickets silverfish, earwigs, spiders, grain mites, sowbugs, centipedes and millipedes

ACTIVE INGREDIENTS

| | |
|---|---|
| * Resmethrin: 5-(phenylmethyl)-3-furanyl)methyl 2,2-dimethyl-3(2-methyl-1-propenyl)-cyclopropanecarboxylate, [1R-[1α(S*),3β]] | [illegible] |
| Related compounds | [illegible] |
| Aromatic petroleum hydrocarbons | [illegible] |
| Petroleum base | [illegible] |
| INERT INGREDIENTS | [illegible] |

* Cis/trans isomers ratio max. 30% (±) cis and min. 70% (±) trans
† U.S. Patent Nos. 3,465,007 and 3,542,928
• Penick's SBP-1382 ® brand of resmethrin insecticide
Penick Corp., 1050 Wall Street West Lyndhurst, N.J. 07071

**KEEP OUT OF REACH OF CHILDREN**

# CAUTION

**STATEMENT OF PRACTICAL TREATMENT**

**IF SWALLOWED:** Do not induce vomiting because of aspiration hazard

**IF IN EYES:** Flush with plenty of water. Get medical attention if irritation persists.

**IF ON SKIN:** Wash thoroughly with soap and water. Get medical attention if irritation persists.

**SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS**

**PRECAUTIONARY STATEMENTS**
**HAZARDS TO HUMANS**
**CAUTION**

Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing mist. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Remove pets and cover fish aquariums before spraying.

FIRST AID: This product contains petroleum distillate. In the event of accidental ingestion a physician should be consulted. Because aspiration is a potential hazard, vomiting should not be induced unless directed by a physician. In case of contact immediately flush skin and eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS: Toxic to fish. Do not apply directly to [illegible]. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply when weather conditions favor drift from areas treated. Do not spray on turf or plants.

PHYSICAL OR CHEMICAL HAZARDS: Extinguish open flame before spraying. This formulation is combustible. DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME. Store at room temperatures above 32° F.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use to control pests [illegible] around homes, apartments, poultry houses. For use indoors and outside premises of hotels, motels, food handling establishments, packaging and processing plants, food houses, commercial, industrial, office, institutional and storage buildings, manufacturing areas of industrial plants, storage rooms, egg processing plants, supermarkets, restaurants, bottling plants, canneries, meat and feed mills, bakeries, docks, piers, ships and hospitals. IN HOSPITAL, PATIENTS SHOULD BE REMOVED PRIOR TO TREATMENT. Ask for use in buses, automobiles, trucks, trailers, ships, cargo holds and in dog kennels and horse stables. IN HORSE STABLES NOT FOR APPLICATION IF HORSES WILL BE USED FOR FOOD.

Food should be removed or covered during treatment. All food preparation surfaces should be covered during treatment or thoroughly washed before using. When using the product in these areas, apply only when the facility is not in operation.

Before application, remove plants and animals from area to be treated. Cover or remove fish aquariums. Remove horses before spraying stables.

**CONTAINER DISPOSAL**
Non-refillable containers 5 through 55 gallon drums: Triple rinse containers and offer for reconditioning or triple rinse for equivalent cleaning before disposing of in a sanitary landfill. For containers 5 gallon through 30 gallon, triple rinse, puncture and offer for recycling, reconditioning or disposal in approved landfill [illegible]

**GENERAL**
CONSULT FEDERAL, STATE OR LOCAL DISPOSAL AUTHORITIES FOR APPROVED ALTERNATIVE PROCEDURES.

**FOR INDUSTRIAL OR INSTITUTIONAL USE ONLY**

**DIRECTIONS FOR USE**

**INDOORS**

Thermal Applications - For use only with properly calibrated thermal fogger and suitable thermal application equipment that can be operated to give a dense white fog or smoke.

To kill houseflies, mosquitoes, gnats, fruit flies, flying moths (Millers): Remove or cover exposed food and food handling surfaces. Remove pets, fish and plants. Shut off ventilating systems and close doors and windows to treated room or area to be treated. Do not apply while food processing or food handling is occurring in area treated. Apply as a flame and dispersing APPLY AS A DRY FOG AT THE RATE OF 11/3 fluid oz. per 1,000 cubic feet of space. Direct fog away from walls and corners, toward the upper corners of the room and above the ceiling. Close off room for at least one hour. Do not remain in treated area. Ventilate the area after treatment.

Space Spray - To kill houseflies, mosquitoes, gnats, fruit flies, flying moths (Millers): Close off room or area to be treated. Shut off air conditioning and ventilating system. See above instructions for thermal fogger application. Apply as a space spray using a hand-held or power-driven equipment or with ground or other power-driven equipment. Adjust spray by hand to the desired droplet size. Direct the fine spray mist toward the upper corners of the room and toward the ceiling from a distance of several feet at the rate of 5 fluid ounces per 5,000 cubic feet. Leave room closed for one hour. Vent area thoroughly before reentry. Sweep up and destroy insects.

Contact Spray - To kill cockroaches, waterbugs, ants, crickets, silverfish, sowbugs, centipedes, millipedes, sowbugs, earwigs and millipedes: Adjust spray to produce large wet droplet spray particles. Direct spray to contact these insects or cracks and crevices where they harbor or travel. Spray around pipes, conduits and other harborages. Spray these insects to point of thorough wet. Repeat as necessary.

[illegible]

To control [illegible]: Spray surfaces where these pests are observed. Repeat applications as necessary to maintain control.

**OUTDOORS**

IMPORTANT: Read Cautions - This formulation is to be used and stored in only such portable, hand-held, compressed air sprayers that produce spray particles with a volume median [illegible]
