└
Blue Magic Products, Inc.
P.O. Box 4175
Beverly, CA 95924

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/over all data required for registration/reregistration of your product under FIFRA section 3(c)(7) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 42373-7" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Blue Magic Sparkling Spa Premium Algaecide controls the growth of algae and microorganisms in spas, whirlpools and hot tubs. This product is formulated for regular maintenance treatment and not for removal of heavy algae growth. It is compatible with other water treatment chemicals.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

IMPORTANT NOTES:

- Do not mix this product with concentrated chlorine products.
- Always adjust spa maintenance according to frequency of use, bather load, sunlight exposure and temperature.

DOSAGE:

- Ensure all spa equipment is working properly, including pump, filter, skimmer and heater prior to adding any water treatment chemicals.
- Using recommended procedure, backwash spa's filter.
- Maintain water pH at 7.4-7.6 for at least 6 hours before adding Blue Magic Sparkling Spa Premium Algaecide (Adjust pH with Sparkling Spa pH Increaser or pH Decreaser).
- For spas, whirlpools and hot tubs having just visible algae growth, add 5 to 8 fluid ounces of this product per 1,000 gallons of water. Recirculate water for one hour for maximum performance.
- For freshly cleaned spa, whirlpool, or hot tub, use 2-4 fluid ounces of this product per 1,000 gallons of water. Subsequent additions of 1 to 3 fluid ounces of this product should be used every 5-7 days.
- Recheck pH and adjust if needed.

PRECAUTIONS: Hazardous to humans and domestic animals.

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with eyes and clothing.

FIRST AID: If swallowed, promptly drink large quantities of milk, egg white, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Store in a locked, cool, dry, well ventilated area away from heat and open flames. Mop up spills with clear water. DO NOT reuse container. Wrap container and put in trash collection.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. DO NOT discharge effluents into lakes, streams, or ponds. Permits may be required for discharges containing this product into lakes, streams, ponds or public waters. For questions contact the regional office of the Environmental Protection Agency.
