Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(C) provided that you:

1. Make the labeling changes listed below before you release the product for shipment:
  - a. Add the phrase "EPA Registration No. 42545-59".
  - b. Under Environmental Hazards, add "This pesticide is toxic to estuarine organisms."
  - c. Under GENERAL INFORMATION, the first sentence should read "This product is intended only for the production of herbicides for use on cabbage, field corn, and peanuts."
2. You must submit a new anaerobic soil metabolism study, conducted in accordance with GRN 162-2. These data must be received by the Agency by April 30, 1993.
3. Submit five (5) copies of your revised final printed label for the record.
