 AGRO-CHEM'S
 INSECTICIDAL
 SOAP
 CONCENTRATE**

CONTROL
 APHIDS, BEET, FRUGS, WHITE
 FLIES, AND SPIDER MITES
 ON ORNAMENTAL PLANTS

Active ingredients: 60%
 Potassium salts of fatty acids 35%
 Total 95%
NET CONTENTS 2 FL. OZ.

For control of aphids, mealybugs, whiteflies, spider mites, and other insects on house plants, ornamentals & greenhouse.
 Mix one part concentrate to 60 parts water or approx. 2 tablespoons (1 oz.) per quart. Spray thoroughly to wet all infested surfaces. For aphids & mealybugs spray again after two days or when insects appear. For spider mites spray weekly for 2-3 weeks. For whiteflies spray at 2 week intervals.
SAFER'S INSECTICIDAL SOAP is a contact spray, so thorough coverage provides best results.
 Do not use on food plants or vegetables & remove solution to prevent harm.
SAFER AGRO-CHEM INC. has the safety record history reported here.
