Wellesley, MA 02181

Gentlemen:

Subject: Safer Flea Shampoo For Dogs
EPA Registration No. 42697-6
Your Letter Dated July 9, 1987

The acute oral LD₅₀ test (MRID No. 40 2604-01) is acceptable. It indicates that this product is in Toxicity Category IV by this route of administration.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable subject to the comments listed below.

1. In your Precautionary Statements, separate your subsections by a blank line so that the individual sections may be clearly read. Insert a blank line after "It is . . . labeling."
2. Revise your Storage and Disposal statements as follows:

Storage and Disposal

Storage: Store only in original container, in a dry place inaccessible to children and pets. Keep container tightly sealed when not in use.

Disposal: Do not reuse empty container. Rinse thoroughly. Securely wrap in newspaper and discard in trash.

Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

William H. Miller
Product Manager (16)
Insecticide-Rodenticide Branch
Registration Division (TS-767C)

Precautionary Statements

Hazards to humans and domestic animals.

CAUTION: Harmful if swallowed. Avoid contamination of feed and food stuffs. May cause eye irritation. Avoid contact with eyes or clothing.

→ First Aid: If in eyes flush with plenty of water. Get medical attention if irritation persists.

Environmental Hazards: Keep out of lakes, streams or ponds.

→ DISPOSAL

Do not reuse empty container. Rinse clean with water and dispose of in trash collection.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. / For control of fleas and lice on dogs and cats. Wet animal lightly, preferably with warm water. Pour small quantity of soap concentrate into palm and work into a lather making sure that foam penetrates to the skin and taking care that the soap does not enter the eyes, nose or mouth. Be sure to shampoo the entire body including the legs and feet. Allow lather to stand for five minutes then rinse the coat thoroughly. Avoid getting soap concentrate into sores or open wounds.

Kittens bathed at regular six week intervals will mature into bath tolerant cats. Regular bathing maintains good grooming and reduces fur-ball ingestion.

SAFER, INC. will not accept liability for damage or injury resulting from misuse.
