3) The statements of practical treatment must state:

"If in eyes: Hold eyelids open and flush with a steady gentle stream of water for 15 minutes. Get medical attention.

If on skin: Wash with plenty of soap and water. Get medical attention.

This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

The Agency may bring misbranding action under section 12(a)(1)(E) of FIFRA or may cancel or suspend the registration of your product under section 6 if you distribute or sell products not bearing revised labeling after 45 days from the receipt of this letter. Because of the time frame set forth above, registrants may sticker over the current label with the new signal word and precautionary labeling specified in this letter without receiving prior approval of amended labeling. However, registrants must also submit amended labeling to Product Manager 14, Registration Division (7505C) for Agency approval within 30 days of their receipt of this letter.

You are also required to correct the labeling of products under your custody and control (i.e., warehouses, etc...). You are not required to sticker over stocks in the channels of trade.

Submit one copy of the final printed label before releasing the product for shipment with the revised labeling. A copy of the stamped label is enclosed. If you have any questions about this letter, please contact Beth Edwards at (703) 305-5400 or (703) 305-6600.

Sincerely yours,

Robert A. Forrest

Net Contents 8 fl. oz., 12 fl. oz., 16 fl. oz., 24 fl. oz., 64 fl. oz., 1 gal. (128 fl. oz.)

Use 2-4 fl. oz. for a medium dog Use 1-2 fl. oz. for a medium cat

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed. May cause eye irritation. Avoid contact with eyes or clothing.

Statement of Practical Treatment (First Aid):

If in Eyes: Hold eyelids open and flush with a steady gentle stream of water for 15 minutes. Call a physician if irritation persists.

If Swallowed: Drink promptly a large quantity of milk, egg white, gelatin solution, or, if these are not available, large quantities of water. Avoid alcohol. Get medical attention.

If on Skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

In case of emergency, call 1-800-228-6835, ext. 170.

Environmental Hazards

This product may be hazardous to aquatic invertebrates. For terrestrial uses, do not apply to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of water.

Storage & Disposal

Storage: Store only in original container, in a dry place inaccessible to children and pets. Keep container tightly sealed when not in use. Avoid contamination of food feedstuffs.

<u>Disposal</u>: Do not reuse empty container. Rinse thoroughly. Securely wrap in newspaper and discard in trash.

Page 3 of 3

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For control of fleas and lice on dogs and cats. Shake product well. Wet animal lightly, preferably with warm water. Pour small quantity of scap concentrate into palm and work into a lather, making sure that foam penetrates to the skin and taking care that the scap does not enter the eyes, nose or mouth. Be sure to shampoo the entire body including the legs and feet. Allow lather to stand for five minutes, then rinse the coat thoroughly. Avoid getting scap concentrate into screes or open wounds.

Kittens bathed at regular six week intervals will mature into bath tolerant cats. Regular bathing maintains good grooming and reduces fur-ball ingestion.

Ringer Corporation or SAFER®, INC. will not accept liability for damage or injury resulting from misuse.
