This container is made from xx% recycled materials.

Made with soap derived from natural fats and plant oils

The Right Solution™. Safer® Flea Soap for Cats & Dogs uses a soap concentrate derived from plant oils to disrupt the protective outer layer of fleas and lice, causing dehydration and death of the pests.]

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **READ ENTIRE LABEL BEFORE USE. USE ONLY ON DOGS OR CATS.**

For control of fleas and lice on dogs and cats. Shake well before using. Wet animal lightly, preferably with warm water. Pour small quantity of soap concentrate into palm and work into a lather, making sure that foam penetrates to the skin and taking care that the soap does not enter the eyes, nose or mouth. Be sure to shampoo the entire body including the legs and feet. Allow lather to stand for five minutes, then rinse the coat thoroughly. Avoid getting soap concentrate into sores or open wounds. Repeat once or twice weekly.

Kittens bathed at regular six week intervals will mature into bath tolerant cats. Regular bathing maintains good grooming and reduces fur-ball ingestion.

Do not use on dogs or cats under 12 weeks. Consult a veterinarian before using this product on medicated, debilitated, aged, pregnant or nursing animals.

Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals.**

**WARNING:** Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

**First Aid:**

**If in eyes:** Hold eyelids open and flush with a steady gentle stream of water for 15 minutes. Get medical attention.

**If on skin:** Wash with plenty of soap and water. Get medical attention if irritation persists.

**If swallowed:** Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

**In Case of Emergency, call 1-800-228-5635, ext. 170.**

**Environmental Hazards:** This product may be hazardous to aquatic invertebrates. For terrestrial uses, do not apply to water, or to areas where surface water is present or to intertidal areas below
