

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING - Causes substantial but temporary eye irritation. Wear safety goggles when handling. In case of eye contact, flush with plenty of water and get medical attention. If on skin, wash with plenty of water. Harmful if swallowed. If swallowed, drink 1 or 2 glasses of milk and call a physician.

Environmental Hazards Do not apply directly to lakes, ponds or streams.

DIRECTIONS FOR USE It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Mix one part concentrate with 20 parts water, or approximately 6 fl. oz. (12 tablespoons) per gallon.

FOR MOSSES & OTHER CRYPTOGAMS ON STRUCTURES
Moisten area to be treated before spraying. Apply spray at the rate of approximately one gallon per 100 sq. ft. of overgrown surface so as to wet thoroughly. Avoid treatment when precipitation is expected. Repeat treatment annually or at the outset of cryptogam recolonization.
Treated surfaces may be temporarily discolored.

FOR MOSS IN LAWNS

Moisten moss and grass before spraying or treat after rainfall. Spray infected area thoroughly at the rate of approximately 1 gallon per 50 sq. ft. After 30 minutes rinse sprayed area lightly.

PERSISTANT MOSS GROWTH IN LAWNS is symptomatic of too much shade, acid soil and poor drainage. If several sprayings do not reduce moss problem it may be necessary to reduce shade, aerate and lime the soil.

NOTE: Discoloration of cryptogams normally takes 1 to 2 weeks, but may take longer under cool conditions. Do not apply De-Moss to foliage of conifers or broad-leaf plants.

THIS CONTAINER TREATS UP TO 500 SQUARE FEET

DISPOSAL Do not reuse empty container. Rinse clean with water and dispose of in trash collection.

SAFER AGRO-CHEM INC nor the sellers accept liability resulting from misuse.

Mr. Michael Atkins
Safer Agro-Chem, Inc.
11910 Lyons Valley Road
Troy, CA 92035

Dear Mr. Atkins:

Subject: Amendment - Added Use on Lawns
Safer Agro-Chem De-Moss
EPA Registration No. 42697-7
Your Submission of March 20, 1994

This amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A), is acceptable, provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling change listed below before you release the product for shipment:

a. Under Environmental Hazards add: "Do not contaminate water by cleaning of equipment or disposal of wastes."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of this label is enclosed for your records.

Very truly yours,

Richard J. Patterson *RJP*
Product Manager (22)
Registration/Labeling Branch
Registration Division (70-70.1)
