**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
For application with standard garden sprayer MIX 4 fl. oz. (8 TABLESPOONS) PER GALLON OF WATER.  
For application with a hose-end sprayer select a dial setting that will provide a dilution of one part concentrate to twenty parts water. In areas with hard water, remove the wire screen from the nozzle of your hose-end sprayer.

**FOR MOSS IN LAWNS:** Moisten moss and grass before spraying or treat after rainfall. Spray infected area thoroughly at the rate of approximately 1 gallon per 50 sq. ft. After 30 minutes, rinse sprayed area lightly with clean water. Then withhold water for two days. Do not treat turf when temperature exceeds 90°F.

**PERSISTENT MOSS GROWTH ON LAWNS** is symptomatic of too much shade, acid soil and poor drainage. If several sprayings do not reduce moss problem it may be necessary to reduce shade, aerate and lime the soil.

**FOR MOSS IN PLANT CONTAINERS:** Moss Killer mixed as recommended can also be used to treat moss and liverworts in plant containers but care must be taken to prevent the spray from coming in contact with plant foliage. Discoloration of cryptogams normally takes 1 to 2 weeks, but may take longer under cool conditions.

Do not apply Moss Killer to foliage of conifers or broadleaf plants

Product Code 2051

6051-81189

**PRECAUTIONARY STATEMENTS**

Hazardous to aquatic life. Do not discharge into streams, rivers, lakes, or other bodies of water.

Causes temporary eye irritation. Wear safety goggles when handling in case of eye contact. Flush with plenty of water and get medical attention. If on skin, wash with plenty of water. Normal if swallowed. If swallowed, drink 1 or 2 glasses of milk and call a physician.

Environmental Hazards: Do not apply directly to water or wetlands. Do not contaminate water by cleaning of equipment or disposal of wastes.

**STORAGE & DISPOSAL**

Store in cool, dry place and keep container tightly sealed. For disposal of unused product, securely wrap in plastic and place in a sturdy bag or container and discard in trash. Do not reuse empty container. Recycle responsibly before recycling in trash.
