PRECAUTIONARY STATEMENTS
 Hazards to humans and domestic animals:
CAUTION Harmful if swallowed. May cause temporary eye irritation. In case of eye contact, flush with clean water.
 Environmental hazards. Do not apply directly to water or wetlands. Do not contaminate water by cleaning of equipment or disposal of wastes.

STORAGE & DISPOSAL
 Store at room temperature and protect from freezing. For disposal of unused product, securely wrap original container in several layers of newspaper and discard in trash. Do not reuse empty container. Rinse thoroughly before discarding in trash.

DIRECTIONS FOR USE
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
 Recommended dosage: One 24 oz. container of ready to use covers up to 50 sq. ft. depending on the type of surface and degree of cryptogam growth. For best results moisten overgrown area with fresh water before applying Moss and Algae Killer. Avoid spraying when precipitation is expected. Repeat treatment annually or at the outset of cryptogam recolonization.
Note: Decoloration of sprayed cryptogams takes longer under cool conditions.

Do not apply to foliage or green bark of conifers or broad-leaf plants. However, Moss and Algae Killer applied to hardened bark of trees will remove moss and lichens. Do not use to control moss in lawns. Treated surfaces may be temporarily slippery.
 SAFER, INC. will not accept liability for damage or injury resulting from misuse.
