

Safer™ Caterpillar Killer

SAFER™ CARES: Safer™ is an effective, yet different type of insecticide. Many insecticides are petrochemical-based. Safer's caterpillar killer is a natural control for leaf-eating caterpillars. After ingesting leaf sprayed with Caterpillar Killer caterpillars stop feeding and die within a few days. If you care about your houseplants, garden, family and pets, use Safer™ products with confidence.

HAZARDS TO HUMANS: CAUTION. Avoid inhalation and contact with eyes or open wounds.

ENVIRONMENTAL HAZARD: Do not apply to lakes, streams or ponds.

STORAGE & DISPOSAL: Store in a cool place, between 35°-90°F. Do not reuse container. Dispose of in trash collection.
