 REREGISTRATION
*(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)*

NAME OF PESTICIDE PRODUCT

Safer TM B.t. Caterpillar Killer
Concentrate

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

160/190, 273
18/1
WA

NOTE: Changes in the name or other information in substance from that accepted in connection with this registration must be submitted and accepted by the Registration Division prior to use of the label in connection with this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 42697-23" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

tm

SAFER CATERPILLAR KILLER IS THE NATURAL CHOICE FOR CONTROLLING LEAF-EATING CATERPILLARS. CATERPILLARS STOP FEEDING SHORTLY AFTER EATING FOLIAGE SPRAYED WITH CATERPILLAR KILLER AND DIE WITHIN A FEW DAYS.

CATERPILLAR KILLER DOES NOT HARM FORAGING HONEY BEES OR BENEFICIAL ARTHROPODS USED IN PEST MANAGEMENT PROGRAMS AND DOES NOT HARM EARTHWORMS.

PRECAUTIONARY STATEMENTS

Avoids to Harmful: CAUTION - Avoid inhalation or contact with eyes or skin. In case of contact, wash clean with water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Thoroughly mix recommended amount of Caterpillar Killer with water. Spray infested plants to provide a thorough coverage of foliage. Treat when larvae are young before extensive feeding damage has occurred. Repeat applications at 3 to 14 day intervals as needed.

ORNAMENTAL TREES and SHRUBS - To control TENT CATERPILLARS, GYPSY MOTH LARVAE, BUDWORMS, BAGWORMS, SPANWORMS, SPRING & FALL CANKER WORMS and other leaf-eating caterpillars, mix 1 to 2 teaspoons of Caterpillar Killer per gallon. For high populations and larger larvae of gypsy moth and budworms, use up to 4 teaspoons per gallon.

TOMATOES and VEGETABLES - To control imported CABBAGE WORM, CABBAGE LOOPER, TOMATO HORNWORM, TENT CATERPILLARS, WEBWORMS and other leaf-eating caterpillars on cole crops, celery*, lettuce, spinach*, peanuts*, peas*, tomatoes and avocados*, mix 1 to 2 teaspoons of Caterpillar Killer per gallon. Repeat as necessary up to day of harvest.

Store in tightly closed container between 20° - 90° F. To dispose of unused product, securely wrap original container in several layers of newspaper and discard in trash. Do not reuse empty container. Rinse thoroughly before discarding in trash.

(*For all states except California)

Safer, Inc. will not accept liability for damage resulting from misuse.
