DEC 16 1988

TERM OF ISSUANCE

Conditional

NAME OF PESTICIDE PRODUCT

GRAND SLAM 1000 Fungicide
100% Dithionon

NOTICE OF PESTICIDE: ☒ REGISTRATION
☐ REREISTRATION

Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended.

NAME AND ADDRESS OF REGISTRANT (include ZIP code)

Mr. J. L. Smith
1234 Main Street
Anytown, USA 12345

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Very truly yours,
Director

Enclosed for the registrant are two copies of the final printed label for the product. The registrant is requested to review the label and, if acceptable, to release the product for shipment.

The registrant is also requested to submit a copy of the final printed label to the nearest EPA Regional Office for filing.

Very truly yours,
Director

We certify that we have the registrant's name and address on file with the enclosed copy of the Final Printed Label. We also certify that the registrant has agreed to the terms and conditions of the registration and to the use of the product in accordance with the label.

Very truly yours,
Director
release the product for shipment.
Refer to the A-79 Enclosure for a further description of final printed labeling.

☐ ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

LABEL BACK PANEL

Safer's scientists have developed a unique and effective weed killer which is formulated from fatty acids derived from plant and animal fats. Safer Inc. now provides products that you can use with confidence to control insects, diseases, and weeds around your home.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals:

WARNING: CAUSES EYE AND SKIN IRRITATION. DO NOT GET IN EYES, ON SKIN, OR ON CLOTHING.

Avoid breathing of spray mist. If swallowed, stomach and intestinal irritation may occur.

FIRST AID: If in eyes or on skin, immediately flush with plenty of water. Get medical attention if irritation persists. If swallowed, drink 1 or 2 glasses of milk. Do not induce vomiting.

Environmental Hazards:

Do not apply directly to water or wetlands. Do not contaminate water when disposing of equipment washwaters.

STORAGE AND DISPOSAL

STORAGE: Store at room temperature or colder. Do not store in any container other than original container.

DISPOSAL: Do not reuse container. Rinse thoroughly before discarding in trash.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT: SAFER[tm] SHARPSHOOTER WEED AND GRASS KILLER IS A GENERAL HERBICIDE AND WILL DAMAGE OR DESTROY ANY VEGETATION WHICH IT CONTACTS. AVOID OVERSPRAY OR SPRAY DRIFT ONTO DESIRABLE LAWN GRASS, FLOWERS, VEGETABLES, GARDEN PLANTS, SHRUBS, OR TREES. IF DESIRED VEGETATION IS CONTACTED, WASH IMMEDIATELY WITH WATER. KEEP PEOPLE AND PETS OFF TREATED AREAS UNTIL DRY TO AVOID PRODUCT TRANSFER TO DESIRABLE VEGETATION.

Dilute 32 ounces (4 cups) SHARPSHOOTER CONCENTRATE with 1.25 (one and one-quarter) gallons water to prepare a working solution of 1.5 (one and one-half) gallons.

Use for spot treatment of weeds. Ensure uniform and complete coverage of all types of unwanted vegetation. VISIBLE EFFECTS USUALLY OCCUR WITHIN FOUR HOURS. Do not apply during windy conditions that will carry spray onto desired vegetation.

5

LABEL BACK PANEL (Continued):

SharpShooter is a contact herbicide. Shield grass and desired plants carefully during use to avoid damage to these plants. The herbicide effect of SharpShooter does not remain in the soil of treated areas and treated areas can be seeded in two days after treatment.

For best results, apply to weeds during early period of growth.

The speed at which SharpShooter works is affected by climatic conditions. For most rapid kill, apply in warm, dry weather. Under some conditions tough weeds like Bermuda grass, Canada thistle, and bindweed will show signs of regrowth after several weeks. Should this occur, retreat with SharpShooter.

SharpShooter may cause a white residue on some types of brickwork or concrete. This residue will wear off after a few weeks.

Neither Safer, Inc. nor the sellers accept liability from misuse of this product.
