Minneapolis, MN 55344

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 42697-42".

3. Make the following additional changes to the label:

- a. Delete the term "Level 1 Aerosol" or provide an explanation regarding what this statement means.
- b. Revise the Environmental Hazards statement to read as follows:  
  
"Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate."
- c. Move the following statement from the Precautionary Statements section to the Physical or Chemical Hazards section:  
  
"Do not use in or around electrical equipment due to the possibility of shock hazard."

d. Delete the following statement from the label:

"Do not use in commercial food processing, storage, preparation or serving areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Remove pets, birds, and cover fish aquariums before spraying."

This product only contains directions for use outdoors. Therefore, the statement referred to above is unnecessary since it addresses indoor uses.

4. Submit three copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

RPK

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Incineration of container may cause explosion.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water. Cleaning of equipment or disposal of wastes must be done in a manner that avoids contamination of bodies of water.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**OUTDOORS**

**SHAKE TWICE ONLY BEFORE USING. HOLD CAN UPRIGHT.**  
**APPLY IN SHORT BURSTS. DO NOT USE INSIDE THE HOME.**

**To Kill Wasps:** Application should be made at dusk or early morning when insects are least active. Hold can upright. Point valve opening away from face. With wind at back, aim at nests in trees, bushes, under eaves, chimneys, cracks or crevices.

**To Kill Yellow Jackets:** Yellow Jackets make their nests in the ground, dead tree stumps, railroad ties, walls or similar structures. During daylight hours, watch them closely to determine location of nest entrance. Wait until dusk or early morning when insects are at rest. Empty entire can down hole from a close enough distance to direct 100% of spray into hole.

**To Kill Hornets:** Unless you can clearly see the opening at the bottom of the hornet's nest, never use a hornet spray (on the nest) as hornets may escape and attack you. Hornets usually make their nests in trees, shrubs and under eaves. During daylight hours, determine location of nest entrance. Wait until dusk or early morning when insects are at rest. Direct foam spray into entrance hole. As hornets fall out continue spraying until no more are visible or the can is empty. Leave area immediately.

**To Kill Spiders, Caterpillar and Eastern Teal Caterpillars:** **General:** When sprayed directly on insects, this spray will kill the insects listed. Caution should be taken when spraying new tender growth on young plants.

5/5

**WHEN SPRAYING, HOLD CAN 18-24 INCHES FROM PLANT.** For best results, spray in the evening or on a cloudy day when air is still. Mist the plants lightly. Use a slow sweeping motion. Avoid wetting foliage with spray. Spray rows at the rate of 1 foot per second. For heavy growth, spray both sides of row. Repeat as needed. Do not spray when temperatures exceed 90°F.

Do not use in commercial food processing, storage, preparation or serving areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Remove pets, birds and cover fish aquariums before spraying.

### STORAGE AND DISPOSAL

#### DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL

**Storage:** Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from heat, open flame or other sources of ignition.

**Disposal:** This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product in accordance to the label (DO NOT PUNCTURE). If recycling is not available, wrap the container and discard in the trash.
