

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
42697-50

Date of Issuance:
30 MAY 1996

Term of Issuance: Conditional

NOTICE OF PESTICIDE:
 X Registration
 Reregistration

Name of Pesticide Product: Safer
Brand Home Patrol
Flea killer Fogger II

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Safer, Inc.
9959 Valley View Rd.
Eden Prairie, MN 55344

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 42697-50".
- b. Change the signal word from "Caution" to "Warning".
- c. Change the Precautionary labeling to read:

"Causes Skin Irritation. Harmful if absorbed through skin. Do not get on skin or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Avoid contamination of food or feedstuffs.

Signature of Approving Official:

RPK

Date:

30 MAY 1996

d. The statement, "STORE THIS PRODUCT IN AN AREA INACCESSABLE TO CHILDREN", must appear directly under the signal word on the front panel. It must also appear in the same type size as the statement, "KEEP OUT OF REACH OF CHILDREN".

e. Change the Statement Of Practical Treatment foe If Swallowed to read:

"IF Swallowed: Call a physician or Poison Control Center. Drink promptly a large quantity of milk, egg white or gelatin solution. If these are not available drink large quantities of water Avoid alcohol."

3. Submit two (2) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

RPK

Richard P. Keigwin, Jr.
Product Manager 10
Insecticide & Rodenticide Branch
Registration Division (7505C)

ACCEPTED
With COMMENTS
In EPA Letter Dated

50 MAY 1996

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

42697-50

SAFER^R BRAND HOME PATROLTM FLEA KILLER FOGGER II

ONE UNIT TREATS A ROOM OF UP TO 6,000 CUBIC FEET OF UNOBSTRUCTED SPACE [27 x 27 x 8]

[] OR () indicates alternate or optional wording

[Nylar[®]] is an insect growth regulator similar to the naturally occurring insect growth hormones which interferes [stops] their growth and development

[Nylar[®]] [brand name] stops [prevents] the flea from developing into egg laying adults
[brand name] can be used as part of an integrated pest management [IPM] program
[brand name] can be a biorational approach to insect control
[brand name] keeps working in areas exposed to the sun

SPECIMEN LABEL

Inhibits reinfestation for up to [210 days] [30 weeks] [7 months]

Kills adult and preadult fleas, including flea eggs for [210 days] [30 weeks] [7 months]

Prevents fleas from developing into the biting adult stage

Stops [prevents] hatching fleas [preadult (larval) fleas] [hatching eggs (larvae)] from becoming full grown [developing into] biting adults

One treatment works for [210 days] [30 weeks] [7 months] against hatching fleas [preadult (larval) fleas][hatching eggs (larvae)]

Kills present (today's) fleas and prevents new (tomorrow's) fleas from growing up to bite

[brand name] activity keeps working for [210 days] [30 weeks] [7 months]

Controls [stops (kills) (prevents)] stages of fleas that don't look like fleas

Prevents [stops] the emergence of adult fleas

Flea eggs deposited on treated areas will not develop into adult fleas

Larvae crawling onto treated areas will not develop into adult fleas

[Nylar[®]] [brand name] acts on the immature life stage of the flea, preventing it from developing into biting adults

Kills [inhibits] Cockroaches, Ticks, Ants, and other listed insects

Also kills Deer Ticks and other Ixodid species that may carry and transmit Lyme Disease

Effective long term control

ACTIVE INGREDIENTS:

Pyrethrins.....	0.050%
* (S)-cyano(3-phenoxyphenyl)methyl-(S)-4-chloro-alpha-(1-methylethyl)benzenecetate.....	0.100%
**Piperonyl butoxide, Technical.....	0.100%
***N-Octyl bicycloheptene dicarboximide.....	0.167%
**** 2-[(1-Methyl-2-(4-phenoxyphenoxy) ethoxy) pyridine].....	0.100%

INERT INGREDIENTS..... 97.483%

* Esfenvalerate 100.000%

**Equivalent to

* **MGK[®] 264, Insecticide Synergist ***** Nylar

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED:	Call a physician or Poison Control Center immediately.
IF IN EYES:	Flush with plenty of water. Get medical attention if irritation persists.
IF ON SKIN OR CLOTHING:	Remove contaminated clothing and wash before reuse. Wash with plenty of soap and warm water. Get medical attention.
IF INHALED:	Remove victim to fresh air. Apply artificial respiration if indicated.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

415

CAUTION

Harmful if swallowed, absorbed through skin or inhaled. Do not breathe vapors or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs.

ENVIRONMENTAL HAZARDS

Do not contaminate water when disposing of equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

[NYLAR®] , an insect growth regulator, is similar to growth hormones that occur naturally in insects. [NYLAR®] (It) inhibits development of the immature stages of the flea for [210 days] [30 weeks] [7 months] preventing them from reaching the biting adult stage.

[brand name] contains a combination of three insecticides that stops [blocks (interrupts) (terminates)] the flea life cycle in three ways and controls other listed insects. The first insecticide is [NYLAR®] an insect growth regulator, that will not allow the flea to reproduce thereby providing long term [residual] control. The second insecticide is the botanical Pyrethrum, [an extract of a Chrysanthemum flower,] which provides effective, quick-kill of insects upon direct contact and an added benefit of flushing the insects from their hiding place to aid in a more complete control [kill]. Esfenvalerate, the third active insecticide, provides activity until [NYLAR®] takes effect.

[brand name] contains a combination of ingredients that kills both adult and hatching fleas [preadult (larval) fleas] [hatching eggs (larvae)]. Kills hatching fleas [preadult (larval) fleas] [hatching eggs (larvae)] before they grow up to bite. [NYLAR®] the insect growth regulator in this fogger, continues to kill (control) hatching fleas [preadult (larval) fleas] [hatching eggs (larvae)] for [210 days] [30 weeks] [7 months] by preventing their development into adults. The fogger reaches fleas [and other listed insects] hidden in carpets, rugs, drapes, upholstery, pet bedding, floor cracks and open cabinets. Occasionally adult fleas may be present in treated areas when reintroduced from infested animals.

To protect your pet against and to minimize reintroduction of adult fleas from outdoors, use EPA registered flea and tick products, [brand name] flea or flea and tick collar, [brand name] pet dust, [brand name] pet spray, [brand name] pet dip, [brand name] pet shampoo, flea shampoo or flea and tick pet shampoo, in conjunction with this product prior to re-entry. As part of a complete flea control program use EPA registered [brand name] outdoor [lawn] [home and garden] spray, [brand name] [pressurized] [Ready-to-Use] [RTU] flea and tick [indoor] [premise] spray.

SPECIMEN LABEL

Kills [controls] insects [on contact] [such as]:

- | | | |
|--|--|--|
| Cockroaches [adults] [nymphs]] | Sowbugs | Fleas [adults (larvae) (eggs) (preadult)] |
| Smokey Brown Cockroach [adults (nymphs)] | Millipedes | Ticks [that may carry and transmit Lyme Disease] |
| Brown Banded Cockroach [adults (nymphs)] | Beetles | Brown Dog Ticks |
| Asian Cockroach [adults (nymphs)] | Ground Beetles | Lone Star Ticks |
| German Cockroach [adults] [nymphs]] | Elm Leaf Beetle | Deer Tick |
| American Cockroach [adults (nymphs)] | Boxelder Bug | Other Ixodid species |
| Australian Cockroach [adults (nymphs)] | Earwigs | American Dog Tick |
| Waterbugs [adults (nymphs)] | Lice | Gulf Coast Tick |
| Palmetto Bugs [adults (nymphs)] | Pillbugs | Foraging Ants [Fire Ants] [Pharaoh Ants] |
| | Clover Mites | Carpenter Ants [Eastern (Western)] |
| | Dermestids [Carpet Beetles (Trogoderma)] | Centipedes |
| Granary Insects | Midge | Flying Moths [small] |
| Flat Grain Beetle | Flies | Almond Moth |
| Cadelle Rice Weevil | Gnats | Chocolate Moth |
| Flour Beetle | Cluster Fly | Tobacco Moth |
| Cigarette Beetle | Mosquito | Indian Meal Moth |
| Drugstore Beetle | Sciarid Fly | Indian Mealworm |
| Lesser Grain Borer | Firebrat | Angoumois Grain Moth |
| Merchant Grain Beetle | Silverfish | Hornets |
| Sawtoothed Grain Beetle | Booklice | Carpenter Bees |
| Grain Weevil | Bedbug | Wasps |
| Warehouse Beetle | Wood Borer (exposed stages) | Yellowjackets [Eastern (Western)] |
| Red Flour Beetle | | |

Use in: Apartments, Attics, Basements, Boats, Cabins, Campers, Closed Porches, Condominiums, Dormitories, Drive-Ins, Drugstores, Factories, Food Plants, Garages, Homes, Hospitals, Hotels, Institutions, Kennels, Kitchens, Motels, Nursing Homes, Office Buildings, Other Public Buildings, Pet Grooming Parlors, Pet Sleeping Areas, Railroad Cars, Restaurants, Rooms, Schools, Ships, Storage Areas, Supermarkets, Theaters, Trailers, Treehouses, Trucks, Verandas, Warehouses, and Zoos.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS COMPLETELY BEFORE USE

Use only when building has been vacated by human beings and pets. Ventilate area for 30 minutes before re-entry.

For best results, treat all infested areas [sites]. Use one fogger for each 6,000 cubic feet (approximately 27 ft x 27 ft x 8 ft ceiling) of unobstructed area. Use additional units for remote rooms or where the free flow of fog is not assured. Do not use more than one unit per average size room. Do not use this unit in a cabinet or under a counter or table.

PREPARATION:

Before use, cover exposed food, dishes, utensils, surfaces and food-handling equipment. Shut off fans and air conditioners. Put out all flames and pilot lights. Close outside doors and windows. Remove pets and birds but leave pets' bedding as this is a primary hiding place for fleas and must be treated for best results. No need to discard pet bedding after treatment. Cover or move fish tanks and bowls. Leave rugs, draperies and upholstered furniture in place. This product will not harm furniture when used as directed. Open interior closet doors and cabinets or areas to be treated. [Cover waxed wood floors and waxed furniture in the immediate area surrounding the fogger.] (Newspapers may be used).

For more effective control of storage pests [Flour Beetle, Cigarette Beetle, Drugstore Beetle, Lesser Grain Borer, Merchant Grain Beetle, Sawtoothed Grain Beetle, Grain Weevil, Warehouse Beetle, Red Flour Beetle, Confused Flour Beetle] and Cockroaches [Smoky Brown Cockroach, Brown Banded Cockroach, Asian Cockroach, German Cockroach, American Cockroach, Australian Cockroach], [Crickets, Waterbugs] (Palmetto Bugs) open all cupboard doors [kitchen, bathrooms, pantry], and drawers for better penetration of fog. Remove all infested foodstuffs and dispose of in outdoor trash.

For flea and tick control, thoroughly vacuum all carpeting, upholstered furniture, along baseboards, under furniture and in closets. Put vacuum bag into a sack and dispose of in outside trash. Mop all hard floor surfaces.

READ DIRECTIONS AND CAUTIONS BEFORE USING

TO START FOGGING: SHAKE FOGGER WELL BEFORE USING: Hold can at arm's length with top of can pointing away from face and eyes. Push down on finger pad until it locks. This will start fogging action. Set canister in an upright position on a table, stand, etc. (up to 30 inches in height in the center of the area) and place several thicknesses of newspaper under the canister to prevent warping of the surface. Treat the whole dwelling using multiple units in homes with more than one level and numerous rooms. Leave the building at once.

DO NOT RE-ENTER BUILDING FOR TWO HOURS. After two hours, open all outside doors and windows, turn on air conditioners and/or fans and let treated area air for 30 minutes before reoccupying. If additional units are used for remote rooms or where free flow of fog is not assured, increase airing-out time accordingly.

SPECIMEN LABEL

Do not use this unit in a cabinet or under a counter or table. Do not use this unit in an area less than 100 cubic feet.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool, dry place. Keep container closed.

DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.
