Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product when the Agency requires all registrants of similar products to submit such data.
2. Make the following label changes before you release the product for shipment:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 42697-58".

Signature of Approving Official:

Date:

DEC 10 2002

Daniel C. Kenny, Product Manager (04)
Insecticide-Rodenticide Branch, Registration Division (7505C)

page 2

EPA Reg. No. 42697-58

3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

WHAT IT IS: Safer® Brand Garden Fungicide, Insecticide, and Miticide Ready-To-Use Spray provides three garden solutions in one: fungicide, insecticide and miticide. Its formulation kills garden insects and mites and controls fungal diseases. Contains a patented formulation to help reduce injury to most plants.

WHAT IT CONTROLS: Powdery mildew, black spot, leaf spot, and rust.

WHAT IT KILLS: Aphids, Beetles (leaf-feeding), Caterpillars (leaf-feeding), Crickets, Earwigs, Lace bugs, Leafhoppers, Mealybugs, Mites, Plant Bugs, Scale Crawlers, Thrips, and Whiteflies.

WHERE TO USE IT: Roses, Flowers, Shade Trees, Foliage Plants, Ornamentals, Beans, Peas, Broccoli, Cabbage, Cauliflower, Collards, Kale, Peppers, Strawberries, Apples, Pears, Citrus, Potatoes, Cucumbers, Squash, Grapes, Blackberries, Blueberries, Raspberries, Loganberries, Currants, Melons, and Tomatoes.

HOW TO USE IT: Apply in the morning or late evening. Shake Well. Use at first sighting of insects or infection. Thorough coverage of both top and bottom leaves is important. Spray leaves to the point of run off. Apply every 5 to 7 days when insects are present.

USE CAUTIONS: Some plants are susceptible to injury from sulfur under certain climatic conditions. **DO NOT USE** on delicate fern, apricots, filberts, stock, walnuts nasturtium, stock, sweet pea, violet, mountain ash, Japanese maple, horse chestnut, spinach, viburnum, newly planted cuttings, or plants stressed by drought. Do not apply when plants are in full sun or when temperature exceeds 90° F. Do not apply for at least 4 weeks following application of oil spray.

FUNGICIDE USE

FLOWERS AND ORNAMENTALS: Apply at first sign of disease infestation. Spray at 7 to 10 day intervals, following rain or as needed to control powdery mildew, leaf spot, black spot, and rust. Be sure to treat new growth and buds.

BEANS, PEAS, BROCCOLI, CABBAGE, CAULIFLOWER, COLLARDS, KALE AND PEPPERS: Apply at first sign of disease infestation. Spray at 7 day intervals following rain, or as needed to control powdery mildew. Can be used up to day of harvest.

STRAWBERRIES: Apply at first sign of disease infestation. Repeat at 3 week intervals to control powdery mildew. Do not use on strawberry fruit that will be used for canning. Can be used up to the day before harvest.

APPLES & PEARS: Apply at pre-bloom stage or after petal fall as needed to control powdery mildew. **NOTE:** Some apple and pear varieties are sulfur sensitive; test for varietal sensitivity prior to full-scale treatment.

EPA Registration # 042697-LI

Page 4 of 5

CITRUS: Do not apply within 4 weeks following use of an oil spray.

POTATOES: Apply before disease infestation appears and repeat as necessary to control powdery mildew.

CUCUMBERS AND SQUASH: Apply at first sign of disease infestation and repeat as necessary to control powdery mildew. Do not spray young plants.

GRAPES: For control of powdery mildew, apply when new shoots are 6-10 inches. Repeat before blooms open and at 14 day intervals as needed. Note: Do not apply to wine grapes within 21 days of harvest. Sulfur may damage concord and other labrusca varieties.

BLACKBERRIES, BLUEBERRIES, RASPBERRIES, LOGANBERRIES AND CURRANTS: Apply each week starting at first bloom color to control powdery mildew. Continue to spray at 10 to 14 day intervals until fruit is set, then repeat as needed or following rain.

MELONS: Apply at first sign of disease infestation. Spray at 7 to 10 day intervals, following rain, or as needed to control powdery mildew. Note: Melon foliage is extremely sensitive to sulfur burn. See paragraph on Use Cautions.

TOMATOES: Apply at first sign of disease infestation and repeat as necessary to control powdery mildew. Do not spray young plants.

INSECTICIDE & MITICIDE USE

Apply at first sighting of insects/mites. Thoroughly moisten top and bottom leaf surfaces where insects/mites are feeding or resting. Apply every 5 to 7 days when insects are present or as needed to prevent damage.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool dry area away from heat or open flame and inaccessible to children. Keep from freezing.

Disposal:

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Woodstream Corporation and its subsidiaries will not accept liability for injury or damage resulting from product use not in accordance to label instruction. For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-858-7378.
