Precautionary Statements Hazards to Humans and Domestic Animals

CAUTION

Read and follow label directions. Avoid inhalation of vapors. Avoid contact with skin, eyes or clothing. Wash contaminated skin thoroughly with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists. Avoid contact with food and feedstuffs.

Do not use in commercial food processing, preparation, serving or storage areas in the home. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover fish aquariums before spraying.

Physical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or overfill container. Exposure to temperatures above 130°F may cause bursting.

Directions for Use

General Classification

Use in accordance with Federal law to use this product in a manner consistent with its labeling.

Storage and Disposal

Storage: Store upright in the original container in a cool, dry place.

Disposal: Do not reuse empty container. Wrap container and put in trash immediately.

This product is a fumigant. When this fumigant is used, it will kill insects, including flying insects, but it will not kill insects that are already dead. Do not use this product in areas where people, pets, birds, or livestock are present.
