

US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460	EPA REGISTRATION NO. 42710-13	DATE OF ISSUANCE <b>OCT 29 1987</b>
<b>NOTICE OF PESTICIDE:</b> <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)	TERM OF ISSUANCE  NAME OF PESTICIDE PRODUCT Southeast Packaging Formula II Fogger	
NAME AND ADDRESS OF REGISTRANT (Include ZIP code)   Sun Laboratories of Atlanta 701 Wharton Circle Atlanta, GA 30336		
<b>NOTE:</b> Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.		
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.  A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.  Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.		
This registration is being issued in accordance with FIFRA section 3(c)(7)(A) subject to the following conditions:		
<ol style="list-style-type: none"> <li>1. It is understood that you will submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.</li> <li>2. If the Agency issues a Notice of Intent to Cancel registration of this product under section 6 of the Act, in significant part because of the risks posed by the presence of Methylene chloride, the Notice will state that the continued sale and distribution of existing stocks of this product after the date of cancellation will not be permitted. The registration of this product is approved on the condition that you will not request a hearing to challenge such an existing stocks provision in a Notice of Intent to Cancel.</li> </ol>

3. The following revisions apply to the proposed (draft) label for this product. The finished printed label under which this product will be marketed must reflect these revisions.

a. Add the following statement to the label:

This product contains the toxic inert ingredient methylene chloride.

This statement must be placed on the front panel immediately below the ingredient statement and must appear in a type size greater than, or equal to, the headings used in the ingredient statement.

b. The Registration Number which has been assigned to this product must appear on the label as EPA Registration Number 42710-13.

4. You must submit five copies of finished printed labels before you release the product for shipment, as required by PR Notice 82-2 of June 18, 1982. The finished printed labels are those under which you will market the product, and they must also comply with the general labeling requirements of 40 CFR 162.10. Refer to the A-79 enclosure for a description of finished printed labeling.

5. Due to an Agency policy change regarding certified limits, your Confidential Statement of Formula (CSF) of record is incorrect. Please submit revised CSF using the certified limits specified in the attached form.

A stamped copy of the draft label is enclosed for your records. Your release of the product for shipment constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e).

Joseph M. Tavano  
Acting Product Manager 17  
Insecticide-Rodenticide Branch  
Registration Division (TS-767)

Precautionary Statements

Hazards to Humans and Domestic Animals

**CAUTION**

Harmful if swallowed. If used in food processing or preparation areas, foods should be removed or covered during treatment. Food processing surfaces should be covered during treatment or thoroughly cleaned before re-use. Do not treat while food processing is underway. Do not spray on walls, composition tiles or plastics.

Remove pets, birds, and cover fish aquariums before spraying.

Physical Hazards

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place away from heat and open flame.

Disposal: Do not re-use empty container. Wrap container and put in trash collection.

TOTAL RELEASE DIRECTIONS

Cover exposed foods, dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 6,000 cubic feet of unobstructed area. Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment, and ventilate thoroughly before re-entry.

TO OPERATE VALVE: To lock valve in open position for automatic discharge, press valve button all the way down, hooking the catch. Then place fogger on stand or table in the center of the room with valve locked open, placing several layers of newspaper or pad under fogger. Leave building at once and keep building closed for four hours before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary!

To Kill Ticks and Fleas: Destroy pet's old bedding and replace. Use product as above. Treat dogs and cats with a registered tick control product prior to re-entry. Repeat as necessary to bring infestation under control.
