

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (WH-567) WASHINGTON, D.C. 20460	EPA REGISTRATION NO. 42806-4	DATE OF ISSUANCE 26 APR 1985
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT [REDACTED]	

NOTICE OF PESTICIDE: REGISTRATION
 REREISTRATION
 (Under the Federal Insecticide, Fungicide,
 and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Mid-South Chemical Co., Inc.
 P.O. Box 116
 Ringgold, LA 71068

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 42806-4" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the w-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

ACTIVE INGREDIENT.

Potassium dimethyldithiocarbamate 25.0%

INERT INGREDIENTS 75.0%

This product contains 2.2 lb. of active ingredient per gallon and weighs 9.25 lb. per gallon.

KEEP OUT OF REACH OF CHILDREN DANGER

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes eye and skin damage. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Avoid contamination of food. Wear goggles or face shield and rubber gloves when handling. Wash thoroughly after handling.

STATEMENT OF PRACTICAL TREATMENT: In case of skin contact, wash with plenty of soap and water. Remove contaminated clothing and wash before reuse. If product gets in the eyes, flush immediately with copious amounts of clean, cool water for at least 15 minutes. Get medical attention immediately. If product is swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician. Never induce vomiting or give anything by mouth to an unconscious person.

Note to physician: Probable mucosal damage may communicate gastric leakage.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not apply in marine and/or estuarine oil fields. Do not discharge effluent containing the active ingredient into lakes, streams, ponds, reservoirs, rivers, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

MB 8160 is used in industrial cooling tower systems and industrial air-washing systems. Prior to the use of MB 8160

recirculating cooling tower systems, systems should be cleaned of microbiological slime, and other deposits. Then make a

6.8 fl. oz. of MB 8160 40 to 60 ppm of MB 8160

of water in the system. Repeat initial dosage until control is achieved. Repeat initial dosage until control is evident.

13.6 fl. oz. of MB 8160 7.9 to 13.6 fl. oz. of MB 8160

gal. of water (20 to 60 ppm MB 8160) days or as needed. The frequency of addition depends upon the bleedoff and the severity of the microbiological problem.

the sump of recirculating cooling tower systems. MB 8160 is used in industrial

maintain effective mist-eliminating components. Prior to cleaning to remove bacterial slime and other deposits.

13.6 fl. oz. of MB 8160 7.9 to 13.6 fl. oz. of MB 8160

water should be employed every 1 to 5 days, or as needed. Repeat initial dosage until control is evident.

additions may be made to the sump or the water column. MB 8160 is used to control

bacteria, including sulfate-reducing organisms, in water-based drilling muds, completion fluids, and waterflood operations. In systems fouled with microorganisms, MB 8160 should be added as a slug dose.

16 to 32 ppm (1.9 to 3.8 fl. oz. per 100 gal. of water treated). This should be followed by a continuous concentration of 16 ppm, based on total weight of water treated. This should be followed by a continuous concentration of 16 ppm, based on total weight of water treated.

MB 8160 employing a checkerboard pattern of additions and continuous addition of MB 8160

heater-treater dump, gathering lines, or receiving tanks. MB 8160 is also used to control

bacteria in water-based drilling muds, completion fluids, and waterflood operations. MB 8160 should be added as a slug dose.

16 to 32 ppm (1.9 to 3.8 fl. oz. per 100 gal. of water treated). This should be followed by a continuous concentration of 16 ppm, based on total weight of water treated.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Do not expose to extreme temperatures. Do not stack drums. Drums should be placed in overpack drums for disposal. Spills should be cleaned up and disposed of in a sanitary landfill. Keep container closed when not in use.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Do not reuse or reuse in a violation of Federal Law. If these wastes cannot be disposed of by other means, contact your State Pesticide or Environmental Control Agency or your EPA Regional Office for guidance.

CONTAINER DISPOSAL:

PLASTIC: Triple rinse (or equivalent). Then offer for recycling or other reuse, by incineration, or, if allowed by state and local authorities, by other procedures approved by state and local authorities.

METAL: Triple rinse (or equivalent). Then offer for recycling or other reuse, by incineration, or, if allowed by state and local authorities, by other procedures approved by state and local authorities.
