Manufactured by
PiasTech Corporation
Irving, TX. 75062

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

CAUTION: Inner packet is not to be opened until collar is ready to be put to use. The collar is intended to serve as an insecticide generator and is not to be taken internally by man or animals. It is possible that some animals may be sensitive to this collar. Observe neck area when collar is first worn to catch any signs of irritation. If there are signs of adverse reactions or irritation, remove collar. Use only on Cats. Do not use on sick or convalescing cats. Do not use on Persians. Other pesticides are not necessary and therefore should not be used.

Do not allow children to play with this collar.

The insecticide in this collar is a cholinesterase inhibitor.

NOTE TO PHYSICIANS: Atropine is antidotal.

REAR PANEL

DIRECTIONS FOR USE

It is a violation of Federal law to use this collar in a manner inconsistent with its labeling.

Securely buckle collar around cat's neck. To insure that the collar is not too tight, insert two or three fingers between collar and cat's neck while buckling. All excess length should be cut off, wrapped, and placed in trash. The collar will go into immediate action killing fleas present on the cat and any that may appear later. The collar will continue this action for the three months that it is on your pet. When bathing cat, remove collar as excessive water may diminish the collar's effectiveness. Return collar to the cat's neck when cat is completely dry. The collar may be replaced when effectiveness diminishes.

DISPOSAL: Do not reuse empty pouch or box. Wrap pouch or box and put in trash collection. When discarding used collar, wrap and place in trash.
